Positively, No Credit

DO YOU KNOW IT?

Now-a-days in Great Britain and the Continent not to know "Cordon Rouge" is to argue yourself unknown. The man who orders the finest of all brands of Champagne, G. H. Mumm & Co's "Cordon Rouge," proclaims at once his good standing in society—the society which, being the best, demands the best. "Cordon Rouge," vintage 1900, on account of its unapproached quality, exceeding purity and natural dryness, is now used at all the exclusive clubs, high-class banquets and first-class functions. This famous champagne is now recognized as the best in the best circles—known as a passport of healthful reliability. Nothing is too good for the people of B.C., they are sagaciously discerning. They will now have an opportunity of testing the unrivalled "Cordon Rouge" for themselves, as we have just placed in stock a fine consignment of this King of Wines, which will be listed at all leading hotels, bars and cafes. If your licensed grocer says he cannot supply you with "Cordon Rouge" for home use, kindly telephone us and we will gladly give you the name of a dealer who can. Pither & Leiser, Corner Fort and Wharf Streets.

WORK STARTED ON C. N. R. TODAY

Northern Construction Company Has Force of Men at Port Mann to Commence Operations on Contract

IS ONE DAY AHEAD OF AGREEMENT DATE

Construction of Sixty Mile Section in Lower Fraser Valley Expected to Proceed Rapidly to Completion

VANCOUVER, June 29.—This morning a force of men in the employ of the Northern Construction Company was despatched from Vancouver to Port Mann, on the south bank of the Fraser River, opposite New Westminster, and the work of establishing camps for the gangs which will start the grade of the Canadian Northern Railway in British Columbia was commenced.

Tomorrow morning the first scraper load of dirt will be lifted on the grade, one day ahead of the date fixed in the agreement between the Canadian Northern Railway and the Government of British Columbia for the starting of operations.

C. V. Cummings, construction superintendent of the Northern Construction Company, of Winnipeg, arrived in Vancouver on Monday night, and spent yesterday hiring men for the work which will bring to Vancouver its second Canadian transcontinental railway. At the outset some fifty men will be employed, and this force will be increased from time to time as work is made for more labor. Yesterday Mr. Cummings spent a busy day purchasing supplies and engaging his workmen for the company.

The Northern Construction Company was recently awarded the contract for the building of the sixty mile section of the Canadian Northern Railway from Port Mann up the valley of the Fraser River. The survey and location line of this section were completed some months ago. Owing to the comparatively light nature of the work to be done on the first section of sixty miles of the road it is expected that rapid progress will be made, so much so that within a month there should be a big showing of work performed.

MINISTERS' FEAR OF INVESTIGATION

Printing Bureau Scandal Illustration of Government's Attitude—Mr. Borden Recalls Opposition Action

OTTAWA, June 29.—R. L. Borden, discussing the printing bureau revelation says: "The scandal which has come to light in the printing bureau serves to illustrate an attitude of the government in one important respect which should be borne in mind by the people. The present administration is afraid to take the people into its confidence by instituting public investigation into the great spending departments of the government."

"After the report of the Cassels commission," Mr. Borden, on behalf of the opposition, moved a resolution, the operative part of which is as follows: "That in order to lift the cloud of suspicion that rests upon the administration of various departments, to satisfy the demand of the country for

honest and business-like methods and to purge the public service of extravagant, reckless waste and corrupt practices, it is advisable and necessary in the public interest that a thorough and untrammelled investigation be made by a competent business commission into the workings of all the great spending departments of the government.

"The majority that voted down that investigation," added Mr. Borden, "are not only practically but morally responsible for every dollar which has since been lost through the system of graft and rake-off now exposed."

Irish Member Unseated
LONDON, June 29.—The election of Eugene O'Sullivan, Independent Nationalist, for East Kerry, has been declared void on account of impersonation and intimidation.

Dr. Hyde's Sentence
KANSAS CITY, Mo., June 29.—Dr. B. C. Hyde on Tuesday next will be sentenced to spend the remainder of his life in state prison by Judge Ralph Lathaw for the murder of Colonel Thomas H. Swope, the Kansas City millionaire philanthropist. Attorneys for Dr. Hyde used every means available to avert the imposing of the sentence. Judge Lathaw today overruled a motion for a new trial for the defendant. In doing so, he epitomized the entire trial of the physician. "The evidence demonstrated a plot," said the court, "and the different manifestations of that plot were so related that they disclosed common motives, prompted by avarice and cupidity, running through all transactions and indicating that its ultimate design was to obtain possession of the deceased's vast fortune by eliminating every human obstacle as pawns from a chess board."

HAS PASSENGER ON HIGH FLIGHT

Aviator Brookens Takes Count de Lesseps to Unusual Height on Wright Machine—Coming Boy Aeronaut

MONTREAL, June 29.—Count de Lesseps, the French aviator, who came to Canada, to demonstrate the possibilities of the Blériot monoplane, made a trip this evening in a Wright bi-plane. He did so on the invitation of Manager Knahenshue, of the Wrights, the safe carriage of the guest being entrusted to Brookens, the most daring of the Wright aviators. Brookens took the count up about a thousand feet, and the flight extended far beyond the limit of the course, including a reverse and a side slide which took away the breath of the big crowd on the ground and in the grandstand. As the Count does not talk a word of English and Brookens cannot speak a word of French, there was no extended conversation between the international aviators while aloft, but when the pair landed the Count gave Brookens a hearty clap on the back, which fully expressed his admiration of the skill of the American aviator.

Outside of this programme was confined to a couple of short flights by the Count in his Blériot, some speed circles by LaChapelle and a flight by Johnson, both of the latter using the Wright bi-plane. The competitive features of the meet are held in abeyance awaiting the arrival of the large Blériot, on which the Count depends for success. The machine he has been using are of too small horsepower to admit of success in competing with the more powerful Wright bi-planes. Not only has the Count made firm friends of the Wright aviators, but he has taken young Cromwell Dixon, the boy aeronaut, who lost his dirigible balloon on Monday, under his wing. He is going to make a Blériot operator out of the boy, using the machine owned by James Caruthers of Montreal. The Count says the boy has nerve and is endowed by his management of his ill-fated dirigible, and that should make a great dirigible, and that should make a great dirigible. (Continued on Page Two)

SIR ELDON GORST TO BE AMBASSADOR

Reported Transfer of Present British Agent at Cairo—Lord Kitchener Suggested As His Successor.

LONDON, June 30.—The Daily Telegraph hears that Sir Eldon Gorst, British agent at Cairo, will become ambassador at Constantinople, from which city Sir G. A. Lowther will go to St. Petersburg to replace Sir A. Nicholson, who has just been appointed permanent under secretary of the foreign office. This, says the Telegraph, should open the way for the appointment of Lord Kitchener as British agent at Cairo.

Telephone Improvement
NANAIMO, June 29.—The British Columbia Telephone Co. is stringing additional copper wires between this city and Victoria. When the new system is completed, communication may be obtained over three circuits between Nanaimo and the Capital. In other words, three persons in this city will be enabled to carry on conversation with three others in Victoria at the same time.

NO AGREEMENT ON VETO POWER

Prime Minister Expected to Announce Today That Conference of Party Leaders Proved Failure

HAS CONTINUED SINCE JUNE 17TH

Autumn Session of Parliament May Be Necessary to Deal With Question of Relations of Two Houses

LONDON, June 29.—The conference between the government and the opposition on the veto power of the House of Lords has apparently proved a failure.

Although the conferees are still hopeful, Premier Asquith is expected to announce in the house of commons tomorrow that the conference was unable to agree, and it will therefore be necessary to hold an autumn session of Parliament to deal with the relations between the two houses.

The government was represented in the conference by the Prime Minister, Chancellor David Lloyd-George, the Earl of Crewe and Augustine Birrell. Arthur James Balfour, Lord Lansdowne, Austen Chamberlain and Earl Cawdor represented the Opposition at the meetings, which have continued since June 17.

Insurance Men Fined.
NEWPORT NEWS, Va., June 29.—President Daniel B. Harris, General Manager A. B. Andrews and 21 members of the Southwestern Underwriters association were convicted here today in a magistrates' court of unlawfully conspiring to control insurance rates in this city, and were fined \$500 each. The cases were appealed.

M. Clemenceau's Tour.
PARIS, June 29.—Former Premier Clemenceau left today for Genoa, whence he will sail for Rio Janeiro to make a lecture tour of South America. It is possible that he will visit the United States on his way home. M. Clemenceau visited America following the Civil war, and lived for some time in New York city. At one time he was a member of the faculty of a girl's school at Stamford, Conn., where he taught the French language and literature.

PRINTING BUREAU UNDER REVIEW

Evidence Given by Late Superintendent of Stationery Before Public Accounts Subcommittee Last Year

OTTAWA, June 29.—During the session of 1909 a sub-committee of the committee on public accounts investigated upon reference several items appearing in the dominion balance sheet as "assets," and after hearing evidence wiped out about half a million as bad debts.

Among those who gave evidence before the sub-committee was F. S. Gouldthorpe, superintendent of stationery, who testified to the stock kept on hand at the bureau. The item of \$201,568 appeared in the balance sheet as "advances" to the king's printer. It was explained that this sum represented the amount advanced to the king's printer for the purchase of supplies, and that a large amount of stationery supplies was constantly kept on hand.

In view of recent developments it is Gouldthorpe's explanation of the stationery stock that is of interest. He told the committee that the paper, envelopes, blank books, crayons, pens, pencils and the like were kept in stock, under the authority of an order in council. He added: "We are not allowed to vary from this particular list except for some special purpose. If a minister wants a box of pens that we do not carry in stock we are only too pleased to get it for him, but the ordinary civil servant is confined to that particular list."

Gouldthorpe went on: "Once a year, when the auditor general comes down to take stock, we get rid of obsolete material, stuff which is apt to become useless, and we dispose of it as best we can. I might say in this connection that in my experience of 30 years in the stationery office, we have had very little stock of that kind, except possibly a bottle of ink which would get broken or an ink well which would lose its top."

Asked as to whether an overhauling of paper stock was made, Gouldthorpe answered: "The auditor general is very careful to call our attention to everything of that kind. His officers come down to take stock with us."

Mr. Ames, M. P., asked particularly about goods that would depreciate, such as elastic bands. Gouldthorpe's answer was: "We buy them in small quantities as we use them—inside of a month or two at the outside, so that we are constantly buying these goods."

Gouldthorpe's testimony appears to have convinced the committee that there

was no accumulation of dead stock in the stationery department of the bureau and that the advance of \$201,568 to the king's printer was covered by fresh stock on hand or supplied to the departments. The evidence is also at variance with the accepted report that many thousands of dollars' worth of obsolete material, long since ordered and paid for, is stored away in the bureau.

Workmen's Compensation
TORONTO, June 29.—Chief Justice Sir William Meredith has been appointed a commissioner by the Ontario government to study the question of workmen's compensation.

Employees' Demands Rejected
TORONTO, June 29.—It is reported that the Toronto Street Railway has rejected the demands of its employees. The latter will hold a mass meeting on Saturday night to decide on their course of action.

Mr. Bryan at Montreal
MONTREAL, June 29.—Hon. W. J. Bryan, who sailed from Bristol on June 24th on the Canadian Northern steamship Royal George, is due to arrive here tomorrow morning. At one o'clock he is to address a gathering at the Y.M.C.A.

Mangled By Train.
GRAFTON, W. Va., June 29.—Arden Mitchell, aged 17 years, and Uie Graeholds, aged 15, were found dead today, their bodies mangled, by the side of the B. & O. railroad tracks near Wheeling, a few miles from here. The youthful couple left their homes last evening for a stroll. Search last night and early today ended in finding their dead bodies. It is thought the boy and girl fell asleep on a hillside and rolling to the tracks were run over by a passenger train.

CANADA'S TITLE IN HUDSON'S BAY

Report That Washington Government Has Told Whalers to Disregard Claims to Sovereignty There

OTTAWA, June 29.—A reason for the recent appointment of Hon. J. C. Patterson to be a commissioner to investigate the titles of ownership to lands in the Far North may be found in a report which has reached Ottawa to the effect that the United States government has given instructions to its citizens who are engaged in the whaling industry in the northern waters to disregard Canada's claims to sovereignty there.

For the last few years the United States whalers have willingly been paying licenses to the Royal Northwest Mounted Police on behalf of the Canadian Government, and it was understood that they had a certified claim of the Canadian Government to a control over the northern fisheries. Now, however, it is said that the whalers, who left New Bedford this week for the north will be protected by the United States Government if they refuse to pay the licenses or otherwise recognize the sovereignty of Great Britain in the northern seas.

Blaze in Winnipeg
WINNIPEG, June 29.—Fire broke out this afternoon in the Alaska Bedding Company's factory in the north end of the city, and before it was got under control damaged the building and plant to the extent of \$35,000. One hundred employees who were at work when the fire was discovered got safely out.

New Zealand Fears Trusts
WELLINGTON, N.Z., June 29.—Sir Joseph Ward, the premier, in a speech foreshadowing the government's anti-trust legislation, says it possessed clear evidence that a powerful American company was exercising a restrictive and prejudicial influence in New Zealand. He added that it had created a monopoly of the worst kind which must be stopped. The premier did not name the company.

RAILWAYS OBJECT TO LOWER TARIFF

Rates Charged on Sleeping and Parlor Cars Considered by Commission—No Decision Is Given

TORONTO, June 29.—The principal railways of Canada as well as the Pullman company were all represented at the last day's proceedings of the Dominion railroad board this afternoon by counsel and by their traffic managers to show cause why the tariffs charged in sleeping and parlor cars should not be changed or interfered with in any respect.

All urged with facts and figures in abundance that the business was being conducted at a loss to the companies running such cars, with the single exception of the "Pullman company," which, because of its widespread investments was able to make a profit. They argued that on this account the board could not ask them to reduce the price of \$4 for the space occupied by an upper and lower berth.

Chairman Mabey finally decided that further consideration was necessary before a decision could be reached.

GOLD REPORTS ARE EXPLOITED

Indications That Passenger Agents Are Endeavoring to Profit by Sensational Stories Concerning B. C.

MR. BRYCE'S WORK AS AMBASSADOR

Nothing Done Yet in Regard to Next Imperial Conference—Lord Roberts' Views on Empire Defence

LONDON, June 29.—Callers at the British Consul agent, general's office in connection with the reported gold discovery are numbered by scores, and there are indications that passenger agents are using the sensational reports as a means of attracting passengers.

Speaking today at a meeting of the National Liberal Federation, Mrs. Byles of Bradford, said that Mrs. James Bryce recently gave her details of the work done by Mr. Bryce at Washington in healing differences between Canada and the United States. Mrs. Bryce said: "He talks to Canadians like a Canadian, and to Americans like an American, and they let him say what they would let no one else say. Consequently," said Mrs. Bryce, "the clouds are disappearing."

Replying to the question of H. J. Mackinder, the Conservative member for Camlachie, in the House of Commons today, Col. Seeley, the Under Secretary of State for the Colonies, stated that the Colonies had not yet indicated the subjects which they desired raised at the next imperial conference. The precise date of the conference could not be decided until the date of the King's coronation had been set.

Under Secretary Seeley during the course of a general statement for the colonial office made in the House of Commons today, expressed the government's great gratification over the solution of the waterways and boundaries questions between Canada and the United States.

Presiding today at the National service league, Lord Roberts said they must persevere in educating public opinion to the fact that they could not hope to guard the Empire unless the country could be trained in time of peace to defend hearth and home in the country was attacked.

FIRES THREATEN ONTARIO TOWNS

Fort William District Is Still Heavily Scourged—Long Continued Drought Makes Forest Prey to Flames

FORT WILLIAM, Ont., June 29.—Forest fires are threatening towns in this vicinity, and Fort William is clouded with smoke, it being necessary to turn on the big street lights this morning.

The fires are getting worse at Silver Mountain, twenty miles out. Scores of men, women and children fought the flames all last night and could not put them out. The fire is near Mackie and Taylor's camps and is making great headway toward Silver Mountain, which is inhabited by 300 people.

Mackie and Taylor intend making a raft on which to load the horses and camping outfit if they cannot extinguish the fire.

People are getting nervous. There has been no rain for four weeks and everything as dry as tinder.

Killed by a Fall
VALDEZ, Alaska, June 29.—Charles A. Oswald, well known mining man, fell 500 feet down a mountain side to his death Monday night. News of the accident reached here today. Oswald and a companion were prospecting along the edge of the mountain side. He proposed to climb down the side of the cliff and take a short cut to camp, but his companion refused to go down too soon from not to take the circuitous route home, and the men separated. Several hours later Oswald had failed to return to camp, and his partner, on searching for him, discovered the body at the bottom of a gulch. The body will be sent to Seattle for burial.

Nanaimo Dwelling Burned
NANAIMO, June 29.—At an early hour yesterday morning fire completely destroyed the residence together with its contents, of George Chilton, of the Five Acre Lots. Mr. Chilton was awakened shortly after 3 a.m. by a crackling noise, and upon opening his bedroom door to investigate was confronted by a solid mass of flame and smoke. He shut the door quickly, awoke his wife and two children and escaped with the note too soon from the burning residence, by way of the bedroom window, having no time to save any of the household effects, all of which were destroyed, the only thing left standing being a blackened chimney. The loss is partly covered by insurance.

Cool Kitchen— Perfect Cooking

The housewife who knows how to cook finds after practical tests that there's no fuel so good and economical as gas.

MICROBES NO BAR TO HAPPY MARRIAGE

Bride Quarantined, the Marriage Solemnized With Certain Precautions Imposed by Health Authorities

A marriage ceremony without precedent in this province and unique in certain features anywhere, was last Monday solemnized by Rev. Hugh Grant of Port on the mountainside, overlooking that coal mining centre, where the district isolation hospital has recently been established. The wedding party was divided in fact, though not in spirit, by the fence defining the road line; the Anderson stood guard over the growing microbes while the knot was tied, and the hand of the happy groom was carefully wrapped in antiseptic gauze, as he reached over the fence to slip the ring upon the finger of the blushing bride. The latter, after the ceremony, returned to the hospital quarters, while her husband returned to the city. Mrs. Edna Barrett, a well-known woman, had been carried up the hill two weeks before, a victim of typhoid. She has now practically recovered and Frank E. Grace, foreman of the Wood-McNab Lumber Co., seized the convalescent period as a favorable time in which to press his suit. The result is that when the lady comes down the hill again it will be as Mrs. Frank E. Grace.

DIES ON DOORSTEP

Japanese Gardener Found Dead Before Home of Tillamook Road.

His head and face covered with blood, the dead body of a Japanese, was found by some of his fellow countrymen early yesterday morning on the doorstep of his shack on Tillamook Road, South Saanich. The provincial police authorities were notified and Constable Conway investigated. From the blood marks on the bed and floor of the shack, and also a quantity of blood in a tin near the bed the belief is that the dead man had had a hemorrhage. His fellow countrymen stated that he had suffered for the past few years from consumption and that on previous occasions he had been known to suffer from a hemorrhage. There were absolutely no marks on the body that would indicate that Kakabayashi had met with foul play. He had been living by himself and with the exception of a few Japanese acquaintances was practically unknown in the neighborhood. The body was found by some person who notified the police and requested to give his name. Dr. Hart, coroner, was notified and an inquest will be held this afternoon at 3 o'clock.

HAS PASSENGER ON HIGH FLIGHT

(Continued from Page One)

attitude. Dixon, who was heartbroken over the loss of the balloon, now candidly admits that now he has a chance to become the real thing he is glad the balloon put itself out of business. Discussing his experience after the flight, Count de Lesseps remarked that it was the first time he had ever been up in a bi-plane. The Wright form of a flying machine certainly gave one a safer and more comfortable feeling than the monoplane. It was stated that Brooks took the Count up higher than a bi-plane had ever gone before, travelling with a passenger.

TEMPEST IN TEAPOT

Mission City's Indignation Over Supposed Ill Treatment Not Based on Facts.

Residents of Mission City would appear to have needlessly developed hysterical tendencies in connection with their local school affair, as the Mission City Record in its last issue gave space to the following:

"Last week the trustees received word that the government would advertise for tenders and build the school themselves, but now the report comes that it is not to be this year. There is also a report that the \$3,500 has not been granted for the building of the Hatzie school. The matter is apparently been left in the hands of the trustees to recommend. It is common talk on the street that the trustees should resign in a body to protest as to the way in which they, as representatives of the people have been treated about providing school accommodation for Mission City and the immediate surrounding district."

"The people of Mission City are evidently not in touch with the facts," said Hon. Dr. Young, smiling, when shown this paragraph yesterday. "I have already provided \$10,000 for Mission City school purposes—that is \$2,100 for the site, and \$7,900, which has been placed at the disposal of the public works department for construction purposes. A grant of \$3,500 has also been made for the school at Hatzie."

General French at Winnipeg

WINNIPEG, June 29.—General Sir John French arrived from the west today after inspecting the Sewell camp.

Syrians Form Club

COBALT, Ont., June 29.—A Syrian club has been formed here, and its officers plan to make it national in scope. There are 25,000 Syrians in Canada.

Cholera in Berlin

BERLIN, June 29.—Another death from cholera has occurred among the emigrants at the Ruhleben station. The victim is a sister of the Russian emigrant who died at the station two days ago.

Nanaimo Sewer Contract

NANAIMO, June 29.—Macdonald & Co., of Vancouver, have been awarded a contract for the construction of \$50,000 worth of sewers in this city, at their tender figure of \$48,346. The work is to be completed within ten months. The estimate of the city engineer was \$50,000. The tenders received were as follows: The Pacific Coast Construction Company, Victoria, \$74,945; James C. Kennedy, Vancouver, \$71,205.25; Hugh Macdonald, Victoria, \$59,625; John W. Moore, Jr., Victoria, \$53,751; Macdonald & Co., Vancouver, \$48,346.

Last Day for Rebate

Today is the last day for the payment of provincial taxes in order to enjoy the rebate of twenty-five per cent.

Opening Delayed

Owing to the postponement of the Premier's Guelph tour, it is expected that the opening of the new Government offices at Fort George and Fraser Lake, which had been set for the First of July, will necessarily be postponed for a few weeks.

Sir Wilfrid's Tour

The itinerary for the provincial tour of Sir Wilfrid Laurier, the federal premier, is as yet somewhat indefinite as to actual dates in the several centres to be favored with visits. The dates will be authoritatively communicated to the public as soon as possible.

Has Received Slides

Advices have been received from Mr. D. H. Ross, Melbourne, Canadian Trade Commissioner in Australia, acknowledging the safe arrival of the films and slides with which Mr. Ross will effectively illustrate his forthcoming series of lectures throughout the Commonwealth on Canada and British Columbia.

Better Fire Protection

Further additions will be made to the fire fighting facilities of the city. Some ninety-two hydrants will be installed in outlying sections where fire protection is lacking. At a meeting of the fire wardens held last night the location of the new hydrants was decided upon. The complaint of Fire Chief Davis regarding the poor pressure on the mains of the Esquimalt Water Works Company in Victoria West was also considered and the matter will be taken up with the company.

FOR AMENDMENT OF DECLARATION

Discussion in Commons on Bill Introduced by Premier Asquith—Small Minority Expresses Disapproval

LONDON, June 29.—Premier Asquith yesterday introduced the bill to amend the King's declaration in crisp, lucid style, briefly surveying the history of the declaration. He pointed out, curiously enough, that at its inception in 1678, and for years afterwards, it had nothing whatever to do with accession to the throne, and the sovereign was not required to take it. The declaration was taken by all the members of both houses, and these were described as sworn subjects of the sovereign. In 1700 the declaration was framed for different purposes and for an entirely different class of persons. It was introduced to protect the crown. The declaration was framed in a time of great popular excitement, under the belief that a great conspiracy had been hatched to murder the sovereign, subvert the Protestant religion and destroy the liberties of the people. No candid person would deny that circumstances in all material respects had vitally changed since then. Moreover, Roman Catholic subjects of the crown had grown enormously in number and strength, and no one now doubted their loyalty or supposed their loyalty to be hedged around by special safeguards.

Premier Asquith pointed out the offensiveness of the declaration to the sovereign himself. It was well known that the late King Edward found it a most repugnant duty to utter this preposterous formula directed against so many of his loyal subjects. There were other statutes existing regarding the Protestant faith and Protestant succession, and the crown, Mr. Balfour joined with the premier in his appeal to defer the inevitable discussion until the second reading of the bill. He thought the change ought to be made if they could absolutely safeguard Protestant succession in order to remove offence to the king's loyal subjects.

Mr. Redmond, who welcomed the bill, said Catholics would challenge the statement that steps were considered necessary to secure the Protestantism of the sovereign and Protestant succession to the throne. The proposed alteration would remove something which was unjust to members of one church.

Captain Craig opposed the proposal because the Church of Rome was a temporal as well as a spiritual power. Opposition also came from Sir C. Cory Moore, Agar Robertson and Hon. Neil Primrose, while several other members in the course of brief speeches gave the bill their support.

The Church's support: "The bill seems likely to be so non-controversial that the Opposition, as such, will be against it. The government's policy is logical and meets a real grievance fully, therefore it contains a promise of finality."

The Daily Graphic congratulates the government on its courage in attempting to deal with such a thorny subject. The comparatively small minority voting against the bill gives an inaccurate impression of the opposition, but it is to be hoped that this opposition will be concentrated not on the principle of the bill, but on the wording.

The Daily News says: "The new declaration is preferable to the older formula."

The Leader says there is no guarantee in the old form of declaration, with all its offensiveness to Catholics, which is not to be found in the new. The Daily Telegraph says the proceedings in the commons can only be regarded as a happy prelude to King George's reign and of emphatic service to the moral unity of the Empire.

The Morning Post says no doubt exists that the bill will pass substantially in its present form, and it is desirable that its passage should be marked with as little wrangling as possible.

The Times anticipates more extensive opposition on the second reading, but says when taken into consideration with other safeguards the declaration must surely be felt to afford every security a formula can give.

The Daily Mail says Premier Asquith could not have chosen a more favorable moment for the bill. Sensible men of all parties will welcome the new declaration.

LARGEST LOGGING OUTFIT ON COAST

Vancouver Island Plant of Canadian Western Lumber Company to Ship 500,000 Feet Daily to Fraser River

When the establishment of a plant now in course of erection in the Comox district is complete the Canadian Western Lumber Company, with which Messrs. Mackenzie & Mann, of the Canadian Northern Railway system, are principally identified, will have the largest logging outfit on the Pacific Coast. The plant will be ready by October 1st, when 500,000 feet of lumber will be shipped daily to the Fraser River mill of the company, situated some two miles above New Westminster.

Mr. A. D. McKee, general manager of the company, who is at present visiting Victoria, states that twenty-one miles of logging railroad running from Comox Harbor to berth 29 on the Tsolum River is now being constructed. Steam skidders are being installed, and the water power of Wolf Lake is being developed to supply the logging camp with electricity, a feature which will make it unique among logging camps in the province.

The Fraser River mill owned by the Canadian Western Lumber Company is the second largest in the world, the largest being one situated in Louisiana which claims to have an output of 1,500,000 feet daily. The Fraser River mill has an output of 100,000,000 feet yearly. Improvements to increase the capacity of the Canadian Western Lumber Company's mill are being carried out at present. Sash and door works with a capacity of a thousand doors daily are being installed. A cedar mill plant with a capacity of 150,000 feet daily is being added.

The timber interests acquired by the Mackenzie & Mann syndicate on the island comprise some 55,000 acres running from Courtenay almost to the Campbell River. The exploitation of this timber area will give employment to a large body of men, and the logs shipped from there will be manufactured on the Fraser River as quickly as they can be towed over.

The Canadian Western Lumber Company mill finds a ready market for its products which are shipped to Australia and South Africa and the Prairie Provinces. The output of the mill will be largely increased within the next few months.

EXECUTIVE HEARS APPLICATIONS

Decision Promised in V. & S. Petition—Slave Lake Plans Approved—Prince Rupert's Water Record

The application of the Victoria & Sidney Terminal railway for a grant from the crown for terminal purposes of certain lots at the juncture of its line with Blanchard street was heard yesterday by the provincial executive, the application being supported by the city of Victoria, but opposed by certain interested property owners. A decision was promised later.

In the case of the proposed extensions of the works of the Slave Lake Power Co., a favorable report was received from Engineer George Webster, and approval of the company's plans was granted. The dispute as to the Idylwyld subdivision at North Vancouver, and the application of the citizens of Prince Rupert for endorsement of their recent record of 300 inches of water at Woodworth lake for future civic purposes, will be finally dealt with by the executive on Tuesday morning next.

OBITUARY NOTICES

Shield

The funeral of the late John Shield, an employee of the Empress Hotel, took place yesterday afternoon at 2.30 from the chapel of the B. C. Funeral Furnishing Company, where services were conducted by the Rev. T. W. Gladstone, who also officiated at the graveside. The hymn "Jesus Lover of My Soul" was sung, and the Dead March in Saul was rendered by Mr. Giles on the organ. A large delegation of the deceased's fellow employees from the Empress Hotel attended. The following acted as pallbearers: A. Schramme, V. Griffiths, C. Roscel, F. Mentlik, M. Ross, W. D. Smith.

Peterson

The funeral of the late John Peterson, the unfortunate man who was drowned on Tuesday afternoon last through being upset out of a canoe outside the harbor, will take place this afternoon at 2.30 from the chapel of the B. C. Funeral Furnishing Company, where services will be conducted by the Rev. Wm. Schoeler, of the German Lutheran Church. Burialment will take place in Ross Bay cemetery. The inquest will be held at 11 o'clock this morning.

Bechtel

The remains of the late Mrs. John A. Bechtel will be laid at rest in Ross Bay cemetery this afternoon, the cortege leaving the family residence, 2813 Douglas street, where services will be conducted. The funeral is strictly private.

WRIGHT BEATEN IN FINAL FOR THE TITLE

WIMBLEDON, Eng., June 29.—A. F. Wilding, the New Zealand crack, beat Beals C. Wright, of Boston, in the final of the all-comers singles in the all-England tennis championship today, 4-6, 4-6, 6-4, 6-2, 6-3.

Sir, Your Holiday "Duds"

Should be thought of right now if you want to look fit and smart. Doubtless, you realize that it pays to look "well-groomed," even if only on vacation. Doubtless you know of our grand values in Men's Clothing and furnishings. We append a few suggestions:

White and Colored Pleated Shirts, large variety at \$1.75 and \$1.50
Pongee Silk Shirts, collars attached, white and champagne shade at \$3.00
Dr. Jaeger's Wool Taffeta Shirts, just arrived an exceedingly choice assortment.

Washable Summer Vests, white and fancy, ultra smart, at \$2.50, \$2.00, \$1.50 and \$1.25
Soft Felt Hats, all the newest shapes and shades, popular prices.

"Boaters," all the newest English and American ideas, sennit and other straws.

Panama Hats from \$5.00
Outing Felt Hats, grey, red, blue and white, each 50c
Men's and Boys' White Linen Hats, each 50c
Silk Lisle Socks, a large variety, all colors and sizes, at 50c
Silk Ties, a splendid choice, all the latest novelties, at \$1.50, \$1.25, \$1.00, 75c and 50c
White Duck Trousers, per pair \$1.25

AN UP-TO-DATE STOVE

Do you realize there is no longer any reason why you should use a coal range? Oil is cheaper than coal; it is lighter and easier to handle, and gives an intense heat. Provided you have the right stove, oil is more economical, cleaner and less trouble. Have you seen the

New Perfection Oil Cook-stove

The accompanying illustration gives you only a rough idea of its appearance. You really can't appreciate it until you either use it yourself, or talk to someone who has used it. It does everything that a coal range will do—except heat the room. The New Perfection Oil Cook-

Stove will do anything, from heating a kettle of water to cooking a course dinner, but it won't heat a room. It doesn't "smell," it doesn't smoke. It can't get out of order. Light it and it is ready. Turn it down and it is out. Only a woman who knows the trouble of carrying coal and cooking in a hot kitchen can appreciate what it means to have a clean, perfect stove that will cook anything, boil, bake or roast, and yet won't heat the kitchen. How is it done? The flame is controlled in turquoise-blue enamel chimneys, and directed against the bottom of pot, pan, kettle or oven, and only there. The flame operates exactly where it is needed—and nowhere else. With this stove your kitchen is cool.

The nickel finish with the bright blue of the chimneys makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

Everywhere; if not at yours, write for Descriptive Circular to the nearest agency of the

The Imperial Oil Company, Limited.

Deporting Hindus. SAN FRANCISCO, June 29.—Eighty Hindu laborers were slated for deportation on the Pacific mail liner Siberia, which sails for the Orient today. The deportations were ordered by a special board of inquiry, following the ruling of Immigration Commissioner Hart H. North that under the present immigration laws it would

be impossible to exclude Hindus. In the past Commission North has permitted nearly every immigrant Hindu to land. Complaint was made to the immigration bureau at Washington and Special Commissioner Fred Watt was sent here to investigate. The deportation of the 80 Hindus today is one of the results of his work. He subjected the Hindus to a rigid examination which they could not pass.

HOSPITAL ON Surer FINANCIAL BASIS

Necessity of Improvements at Jubilee Pointed Out at Annual Meeting—New Directors Are Elected

The annual meeting of the subscribers and donors to the Provincial Royal Jubilee hospital was held in the city hall yesterday, there being only a small attendance of citizens. The treasurer's report showed that the overdraft on the current account had been paid off, and that the hospital now had a balance in hand of \$1,744.32. The revenue from pay patients during the fiscal year showed an increase of \$3,858.09 on the amount collected in 1909, while the amount received through grants and subscriptions showed a falling off of \$11,387.20 as compared with 1909. The expenditure for the year was \$50,433.98, an increase of \$480.55 over 1909, accounted for by an increase of 757 in the days' stay of patients.

On a ballot to which five names were submitted the following four directors were elected for the ensuing year: Mrs. Rhodes, Dr. Leeder, and Messrs. H. E. Newton and Simon Leiser. Mr. A. C. Plummer, a former director, signified his wish that his name should not be up for re-election while Mr. Aleck Wilson, a former director, whose name was put up again was defeated on the ballot.

Report of Directors

The twentieth annual report of the directors read as follows:

The directors of the Provincial Royal Jubilee hospital submit with pleasure their report for the twentieth year of the institution's history.

Mr. E. Arman Lewis, appointed to represent the provincial government on this board, was duly elected president, and served as such for a few months, but on receiving a position in the government service he considered it advisable to sever his official connection with the hospital, and retired from the board. We desire to place on record our deep regret at the loss of his faithful and efficient services, so freely given for many years, first as a representative of the city council, and later of the provincial government.

Repairs and Improvements

During the year the Strathcona and Female Wards, as well as the operating room have been repainted. The Pemberton chapel was completed, and suitably furnished, decorated, and an organ placed in the gallery, for all of which the directors again desire to express their thanks to Mrs. J. D. Pemberton, who has so generously and thoughtfully planned, carried out and paid for and donated it to the hospital.

Through the kindness of the Woman's Auxiliary, who provided the funds, a suitable room for the X-Ray apparatus, selected by Dr. Hasell when in England, has been built and fitted. Thanks are also due to the Daughters of Pity for installation of new improved telephones and bells and for an X-Ray table. Accommodation has been provided for cases of tuberculosis, as required by the provincial government, the necessary building being erected in an isolated part of the hospital grounds. The steady increase in the nursing staff called for the provision of a larger dining room; suitable alterations were made on the first floor of the administration building, by which a comfortable and commodious room was provided. The former dining room was divided into two, one part being used for a waiting room, and the other as a dispensary, while the former dispensary has been converted into a telephone room, all adding to the comfort, convenience and efficiency of the building and staff. New boilers have been put in the kitchen, and a large furnace in the Children's Ward.

Requirements

The exterior of the building needs painting, and much work of a similar kind remains to be done in the interior. The growth of the population of the city and district has naturally brought an increase in the applicants for admission. In order to accommodate deserving cases extra beds have had to be put in the wards, until the danger of overcrowding became serious, and we had to issue strict instructions regarding it. The accommodation of the hospital has not kept pace with the large increase in population, and the need of considerable additions to the wards is urgent. This brings up the question of an infirmary so often raised in former years. Some of the overcrowding is due to the number of firm and incurable cases that the district and humanity compel us to retain in the wards.

Distressing cases arise now and again and more and more will occur, and the want of such an institution imposes not merely a burden upon our resources and demands upon our space, but leads to much inconvenience in many homes scattered throughout the city.

The hospital was never intended for such patients, and should not be called upon to keep them. Should an epidemic of typhoid break out, or a serious accident occur affecting many people, we have no reserve space to receive and treat them. The question of providing increased accommodation is clearly one which should be carefully considered by the incoming board and by the citizens of the community without delay.

Police Fund

The city police raised the sum of \$900 and paid it into our funds. In return for this, certain privileges as regards treatment during sickness have been granted to all of the men upon the force at that time.

Management

The growth of the hospital and its work necessitated some change in its management. Formerly the resident medical officer was responsible to the board for the entire working of the institution, the secretary being in charge of the books. It was with great regret that the directors had to accept the resignation of Mr. F. Elworthy, who had for so many years efficiently discharged the duties of secretary, but as he was unable to devote all his time to the hospital as required by the new by-laws, no other recourse was open to us. Mr. A. W. Morton was appointed resident secretary, and the entire business management of the hospital, apart from medical and nursing work, was entrusted

to him and so far the change has worked satisfactorily and should show better results as experience is gained. Dr. Hasell has been set free from administrative duties, which will enable him to devote his whole time to the well-being of the patients.

Resident and Medical Staff

Dr. Norman J. Paul having completed his year's engagement as assistant medical officer with satisfaction and credit, has been succeeded by Dr. A. C. Sinclair of Toronto.

Isolation Hospital

During the year the question of taking over the management of the city isolation hospital came up once more, but the negotiations with the council are still in abeyance.

Auxiliaries

To the Woman's Auxiliary, a record of whose work will be printed with this report, and to the Daughters of Pity, our grateful thanks are again tendered for their valuable co-operation and help. Also to the King's Daughters for gifts of flowers and kindly ministrations.

Donors

The directors thank the donors named in the financial report and record their appreciation of the interest shown in their efforts on behalf of the sick poor. They also desire to acknowledge, with best thanks, the generosity of the Honorable James Dunsmuir in supplying the hospital with coal at the very low price made

some years ago. The directors are also indebted to and thank Mr. J. S. H. Matson for copies of the Daily Colonist and the Times Printing and Publishing Company for free copies of the Victoria Daily Times.

Staff

The directors also thank the visiting medical and surgical staff, resident medical officers, matron and staff, who, by their untiring good services, have done so much to promote the welfare of the patients and efficiency of the hospital.

Appendices

Attention is directed to the detailed information which will be found in the reports of the honorary secretary, the audited accounts and the re-

ports of the resident medical health officer and matron which are appended hereto.

Treasurer's Report

The treasurer's report follows: Gentlemen,—I submit herewith the annual statement of receipts and disbursements.

The overdraft on current account has been paid off and the hospital now has a balance in hand of \$1,744.32. The expenditure of \$50,433.98 shows an increase of \$480.55, which is accounted for by an increase of 757 in the days' stay of patients and must be regarded as very favorable, considering the increase in the cost of supplies and salaries.

RECIPROCITY

It is now said that the United States government will not consent to the negotiation of any reciprocity treaty with the Dominion unless it is confined to raw materials. If this is the case, it would be as well to call off negotiations before they are begun. We have always been under the impression that the only reason why our neighbors wanted reciprocity was that they have so exhausted their own natural products that they must have those of Canada. Under these circumstances the true policy for Canada is to stand pat. Let us keep our natural wealth, and before long the people of the United States will admit our manufactured products on favorable terms.

We suppose there will be a good deal of an uproar if the Dominion shall refuse to discuss a treaty on such lines; but there would be less if negotiations were not undertaken than if they should be broken off because of unreasonable demands from the United States. We believe Sir Wilfrid Laurier would be well advised to sound President Taft and ascertain if he proposes to confine the negotiations within such limits, and if he does, to let the President know that it would be useless to go any further. The people of Canada will not assent to a treaty of reciprocity confined to natural products. The day has gone by when they will consent to become hewers of wood and drawers of water for any other nation.

HUDSON BAY

The statement is made that the United States government proposes to question the right of Canada to territorial jurisdiction over Hudson Bay. It has been evident for some time that this matter would come up for consideration. The position of Hudson Bay is unique. It is the only large sea, having connection with the ocean, that is surrounded on all sides by land under the same flag. The entrance to the Bay being more than six miles wide in the narrowest part, it cannot be said that this connection is by way of waters that are territorial, as the term is generally understood. The Baltic Sea is a large body of water with a narrow entrance, but its shores belong to three nations. The Mediterranean, has a narrow entrance from the ocean, but its shores are owned by several countries. Behring Sea is in a way enclosed by land, but its entrance from the ocean is wide, and the shores are owned by two countries. The Sea of Japan is nearly all enclosed by land, although there are several entrances from the ocean, but its shores are owned by two nations. The Red Sea has a narrow entrance, but its shores also belong to two nations. The same is true of the Black Sea. Hudson Bay is landlocked all but at the entrance, which is 60 miles wide, and no question has ever been raised that the land all along its shore line, which must measure 3,000 miles, belong to Canada.

The question is one, which, if raised, will probably go to The Hague Tribunal for settlement. It is highly important that the jurisdiction of Canada over these waters should be maintained, if it can be under the principles of international law, and the interpretations of treaties. We assume that the government will take every step necessary for the assertion of the rights of the Dominion. The question has come up at a fortunate time, for the Bay has not as yet assumed a very prominent place in maritime matters.

A WOMAN OF FORTUNE

Twenty years ago Mary Scott was a San Francisco girl famous throughout that city for her beauty. Her social position was of the best. She married a man named Castle, from whom she was divorced after a married life which was not especially unhappy. Then she went on the stage in vaudeville, and made a moderate success only. Next she came into prominence because of an attempt made by her to shoot a well known lawyer in a New York hotel corridor. Her pistol was a small one, and the bullet was turned from its course by his fountain pen. He declined to prosecute. Then she dropped out of sight again, and was next heard from as the wife of a boy nearly eighteen years her junior. The boy had been a bank clerk, and was in Europe where he had gone to take a situation. After a few weeks of stormy married life, she disappeared and her body was found in a trunk in Lake Cono. Her husband subsequently confessed that he had killed her.

All this woman's relatives were highly respectable, and against her name no allegations appear to have been made. Her brother is an officer in the United States army. She was a woman of a new type, corresponding in a Twentieth Century way to the Cavaliers, or soldiers of fortune, of the days of the Renaissance. As far as women are concerned the type is as yet comparatively new and not very common. It is the product of lax ideas as to the relations of the sexes and the loosening of the marriage tie. When we say "lax" ideas, we do not mean immoral ideas, but only that there is growing up an opinion that women may live independent lives as men do, refusing to form home ties and shirking the responsibilities of motherhood. By loosening the marriage tie, we mean that the marital relation is regarded as temporary only, and to all intents and purposes voidable at the wish of either of the parties. The women who are the product of these ideas are not necessarily, or even in the majority of cases, morally perverted. They may even have a very considerable degree of personal dignity and a laudable ambition to preserve their respectability in fact as well as in appearance. An English writer recently lamented the increase in the number of bachelor girls, by which is meant not girls who have been for one reason or other not chosen by a husband, but girls who of choice have determined not to form the marriage relation with anyone. Of course, such girls are very different from those who make temporary marriages, but each class represents in its way a new type of womanhood that is being developed. It is impossible to regard this development with any other feelings than those of regret. Men and women were made to live together, and the woman was a free lance, so to speak, even though she preserves all her womanly purity. It is one of the least desirable products of our modern civilization. The unfortunate woman mentioned above is only an illustration in a somewhat intense degree of the result of this dislocation in the recognized relations of the sexes, the basic principle of which is the permanent union of a man and woman in matrimony.

STEWART.

There is world-wide excitement over the reported gold find near Stewart. No one knows just how it originated, but in the United Kingdom, South Africa and Australia, people are on the alert for information about the alleged discovery. A peculiar feature of the case is that no one is in a position to say that there is not some warrant for very optimistic anticipations. The most that can be said with certainty is that the story which was sent out about the great gold reef, 25 miles long, was a wild exaggeration. A promising discovery was magnified out of all proportion to anything warranted by the facts. But mining is proverbially a lottery and no one cares to take the responsibility of advising any one against going to Stewart. All that can be said is that nothing is known here that warrants the exaggerated statements that have been sent broadcast all over the world. It may be taken for granted that no such gold-bearing reef as has been talked of has been discovered. At the same time it may be said that the region unprospected is a very wide one, and the right sort of men stand a very good chance of making valuable discoveries. It is not a country for the tender-foot prospector. It is not a country where fortunes are to be had for the staking. All that is warranted by the known facts is the statement that there are likely to be a number of good producing mines within a short radius of Stewart.

There seems likely to be a rush into the country. If it is made up of men who expect to walk into fortunes, the disappointments will be many and bitter; but if the men who go into that part of the country are content to take their packs upon their backs and tramp out into the unexplored mountains, they may find something that will well repay them for their trouble. But the element of chance is we might almost say the governing factor in the case, and every man who goes into the country must make up his mind to work hard and meet possibly with little success. He may strike it rich, but if he does so he will be in the minority. This is the history of all mining camps, and there is no reason for thinking that history will not repeat itself at Stewart.

THE MONEY MARKET

There is a tightness in the money market that is crippling enterprise. It is not a very serious stringency, for it is not going to make hard times, but it exists just the same, and it has its effect. Perhaps it is not easy to give any explanation for it that will fully meet the case. At this time of year the banks usually begin to curtail loans and call in their money in order to be ready for the movement of the crops; but this is not the only cause at work. During the last year or so there have been very many large bond flotations for national, state, provincial, municipal and industrial purposes. In many cases large amounts of bonds have been left in the hands of the underwriters, who have to provide the money for them. The banks must, therefore, keep on hand not only sufficient funds to meet the ordinary demands of their depositors, but an additional amount to meet the calls of the underwriters. Let us state a possible case. An industrial company

places a bond issue on the market, underwritten by certain strong financial concerns. If the public comes in and buys, well and good; if the underwriters have to carry the issue until the public absorbs it, the banks must supply the money, and may for that purpose have to call in loans if the issue is a large one. A thousand depositors have money in banks, and a number of financial firms have credits at the same banks, which are supported by sufficient collateral. When a bond issue is put upon the market, if the depositors draw out their money and buy the bonds, the banks are relieved to that extent of obligations to the public; but if the depositors hold on to their money, the banks must not only be prepared to meet their regular demands, but they must also be prepared to supply the needs of the persons who have underwritten the issue. There is no means of ascertaining how many bond issues are now held in part by the underwriters, but it is known that in several conspicuous instances the public have not responded very freely when securities have been offered for sale. These undigested securities must be worked off, and until they are it is impossible for the banks to loan money as freely to the public as they otherwise would.

Another reason for the stringency of the money market is to be found in the enormous demand for money. The manager of an important Canadian bank is reported as saying that while his institution had plenty of money, there was such a demand for loans that it was simply impossible to meet them all. The country is going ahead so fast that there is not money enough available. Another cause is a feeling of insecurity especially in the United States because of fear of a possible panic. Business in that country has been in a very nervous condition ever since the panic of 1907, and the moneyed institutions are keeping their reserves strong to meet possible eventualities.

Summer seems to have taken a notion to linger in the lap of last fall. It is really about time that the weather bureau got things settled down to their ordinary level.

The State of Washington Equality League has invited Mr. Roosevelt to come and stump that commonwealth for the cause of woman suffrage. The ex-President is more likely to invite the ladies to enter upon a campaign for the prevention of race suicide.

A somewhat extraordinary story has got into circulation in England. It is to the effect that many prominent officials in the Dominion desire the annexation of Canada to the United States. We are sure that for this there can be no real foundation. It looks to us like one of those canards that travelers like to indulge in after a hurried visit to a new country. There is no annexation sentiment in Canada at all, either among officials or anywhere else.

There seems to be a determined effort on foot to force up the price of wheat by representing that the crop is being ruined by the hot weather. All statements of this kind must be taken with much allowance. The more authentic reports from the Prairie Provinces indicate that the outlook for the grain could not be better. No serious decline in price is to be looked for, but from a review of all the information that has been sent abroad we do not see any good reason to expect a permanent advance.

The following tribute paid by Sir Mackenzie Bowell to Mr. R. L. Borden will receive the hearty endorsement of all Canadians irrespective of party: "He is in every sense worthy of the position," declared Sir Mackenzie with significant emphasis. "He is an honest man, whose public and private actions are prompted by the highest ideals. He is one of the same class of men as Sir John Thompson. He will be loyal to his leader and loyal to his principles. He abhors trickery and duplicity. The Conservative party gains by his association with Mr. Borden, a leader of whom it is proud."

At the Door.

One day the front door bell at our house rang loudly. Aunt Sabriny, colored, who has lived with us for more than four decades and knows all our visitors hurried off to the door. We heard her in conversation a moment and then she came back, vouchsafing no explanation. "Who was it, Aunt Sabriny?" I enquired. "Aw, jast some fool pusson lookin' fer the wrong number," she said—Correspondent Atlanta News.

What About Home Life

Mrs. Todd Helnuth of New York has a hundred medals representing different woman's clubs of which she is a member. Many of the medals are set with precious stones and their estimated value is close to \$50,000. At the recent convention of the General Federation of Women's Clubs of America, held in Cincinnati, Mrs. Helnuth was very active, and while she did not wear all of her medals she wore enough of them to create quite a commotion among the club members.—New York Times

A Good Breed.

During the first months of the civil war "On to Richmond" was the cry of the North. One day President Lincoln called General Scott to the White House and asked:

"General Scott, why is it that you cannot march into Richmond, a distance of a very few miles, with 100,000 men at your back, when you were able to march thousands of miles with a few thousand men at your back and right into the city of Mexico?" "Mr. President," replied General Scott, "the men who carried me into the City of Mexico are the men who are keeping me out of Richmond."—The Commoner.

Here Are Some Charming Pieces In Silverware--Newest Designs

WE have a silverware Department that shows one of the most complete ranges of tableware silverware to be found in Western Canada. This big display is noteworthy not alone for its extensiveness, but also for its superiority of design and of quality, and for the fairness of the pricings—prices that are noticeable for the absence of the "exclusive" store's touch.

The largest and best known silverware factories in the world contribute, and one of these has just sent us some splendid examples. We want you to come in and see these and get acquainted with this department.

BAKE DISHES

We have just received a splendid variety of bake dishes. Some of the most attractive designs ever offered are now ready for you, and at prices that'll surprise you in their fairness. The silver is the very best and the linings are of a superior quality on enamel.

If you wish something "smart" in design, just see these, priced at, each—

\$6 \$9 \$10 \$12

PIE DISHES FROM \$3.50

Another popular item is the pie dish of same material. The plate is heavy specially prepared earthenware. Holder of stylish design and best quality silver plate. Priced at \$4 and.....\$3.50

CASSEROLES FROM \$6

The popularity of the casserole is growing rapidly. The great demand has brought forth better designs. These we have just unpacked are of exceptionally attractive design. We have them in oval and round shapes. See those at—

\$6 \$7.50 \$9

FERN POTS FROM \$2.50

Some most delightful designs in these popular fern pots have just been unpacked. Don't fail to inspect the present offerings in these. Big choice of styles and prices. We have them at—

\$2.50 \$3 \$3.50 \$4

CAKE BASKETS FROM \$3.50

Even the little prices secure stylish cake baskets from this new lot just received. You'll be surprised what style and quality you can get at these prices.

\$3.50 \$4.50 \$6 \$7

Relish Dishes—Cut glass lining in a silver frame of smart design. Priced at **\$4.50**

Sandwich Plates—Handsome engraved design at **\$4.50**

Here Are Some Other Recent Arrivals

Some recent additions to the Silverware Department are listed below. There's a wide choice offered and the prices are the fairest at which goods of equal quality could be sold. These come from the largest silverware factory in the world, and the quality is guaranteed by the makers and by ourselves.

Come in and see these and learn more about one of the most important sections of this big store—the Silver Shop.

"1847 Rogers Bros" Silver---Best Plate

The Very Best in Silverplated Flatware for Table Use

In silver-plated flatware for table use there is none to excel the productions of the famous "1847 Rogers Bros." factory. Since away back in 1847 they have been recognized as leaders in the making of silver plate. Quality and design led then, as now. The name "1847 Rogers Bros." stamped on a piece of silver-plate, guarantees it to be the very best.

"VESTA," "AVON," "LOTUS," "TIPPED," "WINDSOR,"

These are a few of the patterns we carry in 1847 Rogers Bros. flatware. Come here and choose from our stock of this ware when you require anything in—

TEA SPOONS, TABLE SPOONS, DESSERT SPOONS, DESSERT FORKS, TABLE FORKS

See Our Charming Sterling Silverware

A Piece of Sterling Silver Makes an Ideal Wedding Gift

Because of its daintiness and because there's practically no wearing out to it, Sterling Silver appeals to many as the ideal wedding gift. This stock of ours offers much choice in this line, and if you have a wedding gift to purchase you shouldn't fail to inspect our offerings.

We welcome a visit of inspection—come in and get acquainted with this section of the silverware department. We list below a few of the many pieces offered in sterling silver.

NEWS OF THE CITY

Took Medal for Mathematics

By an oversight the name of Miss Helen Gonnason, who won the gold medal for mathematics, was omitted from the list of prize winners sent in from St. Anne's Academy. Miss Gonnason made the highest percentage in algebra, geometry and arithmetic.

Sunday School Excursion

St. Barnabas Sunday school annual excursion will be held on July 9th, Goldstream having been chosen for the outing. A special train will return at 8.30 p.m. Tickets can be had from members of the Sunday school. Various amusements for old and young are being arranged by the committee in charge.

Appointments By Executive.

F. E. Hoskins, clerk in the government office at Cranbrook, has been by an executive order of yesterday, transferred to Nelson to be assessor, registrar of votes, mining record, etc., filling all the offices formerly administered by Mr. Gleazer. Frank Dockill of Trail, becomes chief clerk in the government office at Nelson. P. J. Bittencourt is appointed chief fire warden for the constituency of the islands.

Not This Way Either.

Attorney General Bowser smiled good humoredly yesterday when shown a despatch relating to the proposal of certain Provincial realty men to obtain access as of yore to the land registries, as commissioners for the taking of affidavits. The exemption of "officers of court" was necessarily broad, he explained, but the inspector of land offices had already issued instructions under this saving clause in the new rules. "And commissioners, notaries, or justices of the peace will scarcely be accepted," the Minister observed.

Installing Lighting System

Now that the cable for the underground wiring for the lighting system on the conveyor has arrived, the work of installing the system is under way and the lights will be in operation within a short time. Hinton & Company have the contract for installing the system. The work of erecting a concrete wall along the slope of Belleville street has been commenced. The sidewalk from Government street to the J.B.A. entrance will be widened seven feet to accommodate the large traffic which is experienced there.

Big Advertising Campaign.

This morning the firm of D. Spencer, Ltd., commences an advertising campaign in connection with its annual midsummer sales which probably has never before been equalled in department store publicity work. Five pages of bargain offerings are presented today, tomorrow three more pages will be published with the promise of further extensive advertising Sunday. The articles submitted in three days offerings cover a range of every department in the big institution. The interest which the enterprise of Victoria's largest retail establishment will excite will be very wide for in the series a saving to every reader will present itself.

His Eightieth Birthday.

Major John Wilson, now of the Provincial secretary's department, on Monday last celebrated with characteristic modesty his eightieth birthday anniversary. Time has dealt kindly with the veteran, for despite the burden of his four score years plus the experiences of the great mutiny, in which he played a courageous and heroic part, he carries himself today as a man of certainly not more than sixty summers. Many friends throughout the Empire will join in the sincere hope that this genial, self-contained, kind-hearted veteran may enjoy many added years of happiness and high honor among those who know him and esteem him for himself and for his sterling qualities of ripened manhood.

The Grocers Picnic

Preparations for the Grocers' picnic are well underway. At a largely attended meeting, held last night, it was decided that it should be held at Sidney on Thursday, July 21st. Reports were received from the different sub-committees of a gratifying character. The announcement was made that arrangements had been made with the V. & S. for the operation of three trains each way. They will leave Victoria at 8 a.m., 10.30 a.m. and 1.30 p.m. Returning they will leave the scene of the festivities at 5.30 p.m., 3 p.m. and 10.30 p.m. For the convenience of the picnicers hot and cold water will be furnished. In the afternoon there will be a first class programme of sports included in which will be a baseball match between the Commercial Travelers and the Grocers. In the evening there will be a dance for which a full orchestra has been engaged.

The Police Court

In the police court yesterday morning before Magistrate Jay, James Campbell was fined \$10 for assault. The charge arose out of an altercation with Edward Spilker, on June 24th, when several blows were struck, but little damage was done. Several witnesses gave evidence. W. H. Langley appeared for Spilker. Thomas Harrison, who was found slumbering on the soft cement pavement of Johnson street with a cargo aboard, was fined \$6. He explained that a friend had given him a drink from a flask which made him so sleepy that he dropped to sleep on the pavement and when he awoke three or four dollars were missing from his pocket. A youth who rode a bicycle on the sidewalk paid a \$5 fine, and several small boys caught stealing cherries were given a lecture by the magistrate.

Claims He Was Robbed

Claiming that he was held up and robbed of his wallet containing \$55, and able to give no clue to the police authorities other than a handful of blonde hair, which he asserts he pulled forcibly from the head of one of his assailants, Mr. Wallace E. Budsell, a visitor in the city yesterday, carried his tale of woe to the police, who are now looking for the two young men who, Mr. Budsell asserts, attacked him on a lawn before the Empress hotel, and after a strenuous fight, in which he had one finger nearly bitten off, while the hirsute assailant of one of his assailants suffered curtailment, the wallet was annexed. The incident is supposed to have taken place about 1.30 o'clock yesterday morning, but it was sometime afterwards before the police were notified. The search for the pair of robbers has resulted in no arrests.

THE WEATHER

Meteorological office, Victoria, at 8 p. m., June 29, 1910.

SYNOPSIS.

There has not been much change in pressure conditions during the past 24 hours and with the exception of rain at Port Simpson, fine summer weather has been general from the Yukon southward to Utah. In the prairie provinces the low area is central in Manitoba; fine warm weather is reported from every district and at Winnipeg the heat is phenomenal, the mercury today registering 106.

NEWS OF THE CITY

Small Fire Loss

Blazing shingles on the roof of the residence of Mr. Irwin, 329 Johnson street, gave the fire department a run yesterday afternoon about 5 o'clock. The damage was practically nil.

Societies May Amalgamate

Negotiations are now under way which may result in the amalgamation of the Pioneer Society of British Columbia and the Native Sons Society. The former society is in possession of a large number of valuable relics and as in the ordinary course of nature the society will pass out of existence, it has been considered advisable to provide for the future care of the society's property. A proposition has been made to the Native Sons Society, and is now under consideration by the latter.

Report Unfounded

Questioned as to a report from Vancouver that the head office of the Canadian Collieries Company would be removed from Victoria to Vancouver, Mr. A. D. McRae, vice-president of the company, who is now visiting the city, stated last night that he was utterly unaware of any such change being in contemplation. Mr. W. L. Coulson, the general manager of the company, was at present at Union, he stated, and therefore any announcement with regard to future intentions was extremely likely to be premature, whereas the report in question was probably untrue as he had received no inkling of its likelihood.

Dr. Paterson Smythe Here

The Reverend Dr. Paterson Smythe, rector of St. George's Church, Montreal, is a visitor in Victoria this week. The most genial of genial Irishmen, Dr. Paterson Smythe was regarded as one of the ablest clergymen of the Church of Ireland until three years ago, when he resigned his position as rector of St. Anne's, Dublin, and Professor of Pastoral Theology at Trinity College, Montreal, in succession to the late Dr. Carmichael, who had become Bishop of Montreal. Since coming to Canada, Dr. Smythe's high and amply justified the expectations formed of him before leaving Ireland and is regarded by all who know him, or know of him, as a very distinct gain to church life and thought in the Dominion. Accompanied by Mrs. Paterson Smythe, he has travelled by slow stages from Montreal to Victoria, purely on a pleasure trip, but has taken advantage of the opportunities afforded him to study the needs of the Anglican Church in the northwest provinces and British Columbia. He will address a meeting during his visit in Christ Church Cathedral schoolroom this evening at 8 o'clock. The meeting, organized by the committee of the man's Missionary Movement at the Cathedral, will be open to all and it is hoped that a large number will attend to welcome the distinguished visitor to the capital of British Columbia. The Lord Bishop of Columbia will preside. On Sunday next, Dr. Paterson Smythe will preside at the Cathedral, both in the morning and in the evening.

SOCIAL AND PERSONAL

St. Barnabas' church was the scene of an interesting and exceedingly picturesque wedding last night, when the nuptials of Mr. Arthur Hartvel Shotbolt, son of Mr. Thos. Shotbolt, and Mrs. Shotbolt, and Miss Elsie Cole, daughter of the late Captain F. Cole, and Mrs. Cole, of this city, were celebrated. The interior of the sacred edifice had been tastefully decorated for the happy occasion by friends of the bride, the altar being adorned with canterbury bells, while a beautiful floral bell, the work of Miss Shotbolt, was suspended over the chancel steps. Arches, festooned with ivy and marguerites had been erected along the aisle, and the whole effect was most artistic. The bride party entered the church at 8:30 p. m. Miss Cole was accompanied by her brother, Mr. L. Fred Cole, to the chancel, being preceded by Rev. E. G. Miller, the officiating clergyman, and the supplied choir, while the hymn, "The Voice That Breathed Over Eden," was sung. The bride was most becomingly attired in a dress of deep cream, crepe de chene over tulle, embroidered with seed pearls. She wore a bridal veil of tulle with orange blossoms and carried an exquisite bouquet of bride roses and ferns. Her only ornament was a handsome gold pendant set with emeralds and white pearls, the gift of the bridegroom. The bride was attended by two bridesmaids and two flower children. The bridesmaids were Miss May Shotbolt and Miss Viva Babington. The former wore a dress of deep cream, crepe de chene over tulle, trimmed with blue silk crepe de chene over tulle, while the latter was attired in baby blue silk crepe de chene over tulle, braided. Both wore pretty picture hats and carried bouquets of pale pink carnations and aspidagras ferns. The flower children were Miss Flossie Woodward and Master Elford, cousin and nephew of the bridegroom respectively. The bridegroom was supported by his brother, Mr. Walter Shotbolt as best man, while Messrs. P. A. Babington, Jr., and E. A. Gallop acted as ushers. The service was most charming. As the bridal party left the church the organist, Mr. Longfield, played Mendelssohn's Wedding March, while the flower children scattered blossoms along their path.

A reception was subsequently held at "Hevelandene," the residence of the bride's mother, who was assisted in receiving her guests by Mr. and Mrs. Thomas Shotbolt. Mrs. Cole was beautifully gowned in grey silk with silver trimmings with a wisteria toque hat trimmed with roses and tulle, and Mrs. Shotbolt wore a dress of black silk with embroidered jet panel. The house decorations were on an extensive scale, those of the dining room being treated in a scheme of pink and white. The following ladies assisted in entertaining the guests: Miss Christine Renout, Miss Fredeline Renout, Miss Mildred Tribe, Miss Edith Lawrence, Miss Elsie Morry, Miss Kate Dalby, Miss Alice Dalby, Miss Edith Dalby, Miss Belle Dalphin, Miss Florie Parfitt, Miss Lillias Bayley, Miss Lenore Black.

The drawing room was adorned with marguerites and ferns. After an exchange of felicitations, Mr. and Mrs. Shotbolt, amidst showers of rice and the good wishes of their friends, left by the midnight boat for the mainland, where they will make a short tour. Thereafter they will occupy their handsome new home on Quadra street. The brides travelling dress was a blue tailor made costume trimmed with silk. With this she wore a cream picture

hat trimmed with pink roses and lilac. Over 150 guests were present at the wedding and reception.

AMUSEMENTS

Romano Theatre

At the above theatre on Wednesday and Thursday there will be shown some of the very latest pictures procurable. The headliner of this show is a new release drama by the Powers Company. This company is rapidly growing, and their pictures are fast gaining popularity wherever shown. This is one of their very best and most thrilling dramas, and is superbly acted by a strong company of the best players of this company. This picture is entitled "Mother and Daughter." A mining engineer, Frank Noyes, marries a western girl and takes her to New York to live. After two years have passed the wife gets hold of a letter written to her husband by another woman. She goes back to her western home, taking with her her little baby girl. The mother takes ill and dies leaving the little girl in her grandfather's care, under which the child grows up to a beautiful young woman. Dave Hardy, a young farmer, loves May and in a very pretty scene in the woods they are betrothed. They come to the city, the engagement is broken, the grandfather only to learn that May's father, who has neglected her all these years, has become wealthy, and he is coming out to take her back east to be educated as a lady. Noyes comes and takes his daughter with him, leaving poor Dave broken-hearted. In a New York wealthy young swell falls in love with May and is about to propose to her when the butler brings in a package and a letter. The package contains her old sun-bonnet, and the letter reads: "Dear May: I am sending your sun-bonnet before Dave kisses it into shreds. We miss you terribly—Grand-dad. The girl is deeply touched. She leaves her swell admirer, puts on her hat and takes the train back home. A beautiful and touching scene follows when the girl is re-united with the man she really loves. The couple are about to be married when Noyes, the girl's father, comes in and attempts to stop it but grand-dad takes him out and with a revolver "persuades" the girl's father to take the next train back East. The lovers are then happily married. There is also another fine film entitled "Her Struggle For Existence." Susan Dale has been brought up in luxury. She has two suitors, Mr. Emery and Mr. Briggs. She chooses Will, and at the opening the picture informs Jim of her choice. But a change comes to the fortunes of Susan's father. An unlucky speculation claims his wealth and his life. When Will finds that his fiancée is penniless, his love cools. He breaks the engagement and goes to Europe to avoid the girl. Susan, friendless, starts out to earn her own living. She applies for a job in a lawyer's office when the man insults her. She secures a place in a department store, but is discharged because, fatigued after an arduous day at the counter, she takes a seat while on duty. She applies for a job at a factory, but is refused on account of lack of experience. Finally, in desperation, she takes the place of a maid in the home of Mrs. Gray. There Burg, the offensive lawyer, meets her, and in a spirit of revenge denounces her as a thief. Her mistress discharges her and Susan decides to end her life. Fortunately for Susan, Burg meets Jim Briggs, the rejected suitor, on the street, and laughingly tells him how he had brought about Susan's discharge. Jim knocks him down, and rushes to Mrs. Gray's just in time to save Susan's life. All ends happily to the peal of wedding bells. There are also two reels equally as good and the Crochford picture, which machine will render the latest song. The Romano orchestra will be heard in some of the latest selections including the following: March, "Fairest of the Fair" by Sousa; waltz, "Debutante" by Rumens; selection, "Erminie" by Jacobowski; "The Swan," Saint-Saens; "Spanish Dances," by Moskowski; second Hungarian Fantasia.

In Woman's Realm

Here and There

The "At Home" given by the ladies of the Victoria University Women's Club to the members of the University Commission was all that such an affair should be. Mrs. Perrin, for the Alexandra Club, and Mrs. H. E. Young, for the University Club, made the kindest hostesses. Every one present was made to feel at home and all who wished it were pressed to the distinguished visitors. These gentlemen seemed to enjoy the opportunity of talking unreservedly on all manner of topics to the ladies and gentlemen who filled the somewhat crowded rooms.

The presence of the college students was a very pleasant feature of the gathering, and the young people looked very happy. We cannot often have the pleasure of a visit from University Commissioners, but whatever the result of their observations and deliberations may be, they and Mrs. Weldon have left pleasant memories behind them and will, it is hoped, carry away a pleasant impression of Victoria and the people whom they met here.

It is to be hoped that their coming will show those who take an interest in education that there is something to be done for its advancement in a social way in Victoria. Teachers and students are all the better for feeling that the community is interested in them as well as in their work and their progress.

A lady who loves the birds is pained to see that many nests are being destroyed by boys out of wanton mischief. This is a matter of great regret not only to those who wish to see our groves and orchards the home of these useful little creatures, but to the friends of the long life, for as a rather wide observation ends the writer to believe Victoria has not hitherto been cruel. There is among them as among their elders a fondness for sport which sometimes leads to acts that may look cruel, but which are not done from a desire to hurt. But the destruction of the nests of little birds is not a game, and cruel and selfish as well. Parents should see to it that their children understand this and that in the coming weeks of vacation no harmless creature is hurt to give them pleasure.

There have already been several drowning accidents on the lakes and Ontario papers are giving warnings of the risks which inexperienced swimmers run when they undertake to manage pleasure boats.

Most boys and some girls brought up in Victoria know how to row and paddle when the water is smooth. But the advent of the gasoline launch and the greater number of pleasure seekers has made boating even on the arm a matter in which it is necessary to exercise very great care. An involuntary bath is not the only danger to be feared by the young folks who may use a canoe or a small motor boat with a larger boat. There has not for many years at least been a serious boating accident at the Gorge but one is almost tempted to think that this has been in the "romantic phrase" "more from good luck than good management." But the character of the population of Victoria is rapidly changing. There are now amongst us many hundreds of young men and women who have grown up in inland homes. These must learn the lessons in the management of boats, and knowledge of the currents, which older residents have come to know almost unconsciously. Is it an excess of caution to fear that there are dangers in the navigation of the gasoline launches which too many fail to realize?

However that may be, there is no doubt at all that in the outside waters too great risks are run by occupants of little boats and canoes. No one who does not know how to manage such a boat in an emergency has any right to go out into deep water where big steamers may be met with at any hour and where a sudden storm may find the pleasure seekers too far from land to reach it safely. The greatest danger is, however, not from the ignorance but from the folly of the occupants of boats. Parties of young people forget that they cannot move suddenly in a canoe or small boat without danger of upsetting it. Some even take a delight in frightening those who, being more experienced, know the risks they are running. The girl who does not wish to sit still should find some other place to spend a summer evening than on the water. A drowning accident is a very terrible thing at any time when it occurs among a merry party of pleasure seekers it is doubly sad.

There is another reason why boating parties should enjoy themselves quietly. Singing, laughing and merry chatter may be indulged in, but if it were possible to enforce it one ought

BRUNOT HALL

A Church school for girls in Spokane, Washington. The school is one of the best schools in the west. In all its various departments it aims to have the very best instructors and the very best equipment possible.

The ideal church school is one whose aim is to develop each girl committed to the care in the very best way possible, physically, mentally and morally; to this end every effort is made to secure ladies for the faculty who are of good family, educated in the best schools and colleges and who will be interested in the development of each individual girl.

The climate is not severe but wholesome and invigorating. The school buildings are cheerful and home like. A beautiful gymnasium serves as a music hall, and for plays that are given every year.

to be a law against the screening and shouting that some young folks seem to think necessary to merriment. It is this sort of thing that causes the cries of those in real distress to be unheeded till the listener is certain that there is need for assistance. While this is wrong it is very natural, and a fatality should occur the responsibility must be shared by those whose conduct has caused the delay.

In the past a wise caution has been the rule among Victorians who love that most delightful of summer pastimes, boating, and to this rule there should now be no exception.

A branch of the St. John Ambulance Association has been formed in Vancouver. Two launches will be equipped and the men employed at Lake Buntzen have asked that a course of lectures shall be delivered there. It is expected that classes will be organized among the employees of the C. P. R. railway in that city. The teachers expect after vacation to receive instruction in giving first aid to the injured and to pass the knowledge on to their pupils. In South Vancouver a class of ladies proposes to take up this work.

There is, in this province, a real need that men and women shall know how to help an injured person. On this island development on a large scale is only beginning and yet there have been many cases where a knowledge of how to tie an artery or stop a bleeding vein might have saved life. Even in the matter of carrying one whose limbs have been crushed, ignorance may cause terrible suffering if not risk of death. There are not many women who know what is right to do when their own or their children's clothes catch fire or if they do would have the presence of mind necessary to save life. In these and in many other instances the training given by the St. John Ambulance Society would be of great help. While it is quite true, that such appeals for help do not come so often, it is also true that some day in the lives of most people, the want of the knowledge of how to act in an emergency has been a source of keen regret, if not of life long sorrow.

LEGAL INTELLIGENCE

Court of Appeal

Judgment has been handed down in the following cases:

Paterson vs. Canadian Pacific Lumber Company; appeal dismissed, Irving, J. A. dissenting.

Stewart vs. White; Appeal allowed, no order made as to costs.

Disourd vs. Sullivan Mining Company; Appeal dismissed.

Schnell vs. British Columbia Electric Railway Company; Appeal dismissed.

McKenzie vs. Corporation of Chilliwack; Application for leave to appeal to Privy Council refused for want of jurisdiction to grant such leave.

Darby vs. Ellison; New trial ordered, Irving, J. A. dissenting.

Bingham vs. Powell; Appeal dismissed.

Guthrie vs. Hunting; Appeal allowed.

Before Gregory, J.

Hirsch vs. Shenk and Shenk—In this case, involving a dispute over the ownership of a small strip of land in Esquimalt District, judgment has been given in favor of the plaintiff against the defendant Emily Shenk, but the action is dismissed as against the defendant John Shenk, he apparently not setting up any claim of ownership to the land in question.

W. J. Taylor, K.C., for plaintiff; Wails for defendants.

HOSPITAL ON SURER FINANCIAL BASIS

(Continued from Page 3)

The income as compared with that of last year is as follows:

	1909	1910
By grants and subscriptions	\$55,582.45	\$24,195.25
By pay patients	26,210.03	\$20,168.12
By other sources	166.18	190.29

It will be seen from the above that the revenue from pay patients has increased by \$3,858.09.

There remains in the Bank of Montreal, in the joint names of the honorary treasurer and the secretary of the Women's Auxiliary the sum of \$44.50 for the children's ward. The donations towards the maternity ward deposited in the Canadian Bank of Commerce, with interest added to the 31st day of May, 1910, amount to \$223.45.

ROBERT S. DAY.

Resident Physician's Report

Dr. Edward Hasell, resident medical officer, reported as follows: Gentlemen,—I beg to submit my report for the year ending May 31, 1910. The total number of patients treated this year as compared with last is as follows:

	1909	1910
In patients	1052	1196
Out patients	85	57

Total 1137 1253

Which shows an increase of 116 patients.

The total collective days stay also shows an increase as compared with last year. The figures are: 1909, 26,184; 1910, 26,941, an increase of 757 days.

The daily average number of patients was 73.8 as compared with 71.73 for last year.

The cost of maintenance this year was \$50,438.98, as against \$49,953.43 for 1909, an increase of \$485.55.

This gives an average daily cost per patient of \$1.87 1-2. Last year the daily average cost per patient was \$1.90 1-2, which shows a decrease of 3 cents per diem, notwithstanding the increased cost of maintenance.

The year has been made memorable by a visit to the hospital from Lord Strathcona, who came especially to inspect the ward called after his name, to which he so generously contributed. Owing to the increasing numbers of advanced tuberculous patients and to the alteration in the Hospital Act, which compels all hospitals in receipt of government aid, to provide special accommodation for these unfortunate, a special out of door ward is in pro-

cess of construction, and will shortly be occupied by these patients.

The board has been enabled to comply with this regulation, thanks to the Women's Auxiliary, who donated the necessary funds for its erection.

I am obliged to again make my yearly appeal for the establishment of an infirmary for patients of both sexes suffering from chronic and incurable disease, who are a serious charge on the usefulness of this institution as an hospital, by occupying beds in the public wards, which are required for acute and curable cases. With the growth of the city, the number of such cases becomes yearly larger and the need more urgent.

Dr. N. Paul having finished his year as assistant resident medical officer, left for Fort Simpson, and his absence is much regretted by both patients and staff. Dr. Sinclair, of Toronto, has been appointed in his stead, and will I trust prove a worthy successor in his place.

The Women's Auxiliary, the Daughters of Pitty and the King's Daughters, have continued their good work as in former years, and the thanks of all are due to them for their kind offices.

Thanks are due to Miss Fox and others for their help at the Sunday services.

Many kind friends have donated plants and shrubs for the hospital grounds, for which they have earned hearty thanks. Detailed lists of statistics are appended.

EDWARD HASELL, M. R. C. S. Eng.

Resident Medical Officer.

Matron's Report.

The matron's report read:

Gentlemen: I beg to submit the following report of the training school for nurses for the past year. The staff at present is Miss E. Allan, head nurse; Miss A. Macrae, who has charge of Strathcona ward; nineteen pupil nurses; five probationers, and two male nurses.

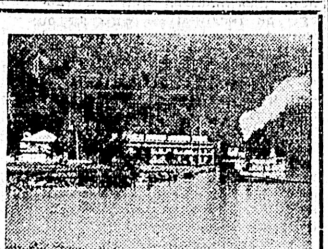

During the year twenty-four applications have been received for admission. Seventeen applicants were taken on probation, fourteen of whom were accepted as pupil nurses.

The graduating class for the year: Miss Nora Birkett; Miss Melissa Patton; Miss Laura Percy, Miss Elizabeth Pierce, Miss Jean Campbell, Miss Hulda Strongman, Miss Louise Lerhmann, Miss Muriel Vaughn, Miss Mary Dempster, Miss Berta Lee, Miss Molly Heggie.

Our thanks are due to Dr. Leader, Dr. Barty, Dr. Stanier, Dr. McEllicking and Dr. Hasell for lectures during the year.

The Women's Auxiliary have supplied the linen, blankets, china, cutlery, etc., and have as usual attended to the sewing and mending. The Daughters of Pitty have kindly undertaken to see that the children are supplied with everything necessary to the comfort of the children. We would also thank the King's Daughters and the many kind friends who

GAME SEASONS ARE DEFINED

Provincial Regulations Controlling Big and Feathered Game Shooting Altered—Summary of Present Law

THE MAN WITH THE GUN IN B. C. MAY SHOOT

Prairie chickens. — Throughout the province during October.

Quail. — In Cowichan, Esquimalt, Saanich and The Islands districts, October 1 to December 31.

Duck, snipe and geese.—On Vancouver Island and the adjacent islands, September 15 to February 28; mainland, September 1 to February 28.

Deer (except elk).—Vancouver Island and adjacent islands (excepting the Queen Charlotte), September 15 to December 15; mainland, September 1 to December 15.

Pheasants.—In Cowichan district, October 1 to December 31; in The Islands (North Saanich excepted), during October only; close season elsewhere.

Grouse.—On Vancouver Island and the islands adjacent, September 15 to December 31 (except that willow grouse may not be shot in Cowichan); lower mainland, October 15 to December 31; Fernie and Cranbrook districts, October only; all other parts, September 1 to December 31.

At yesterday morning's meeting of the Provincial Executive, a minute-of-council was submitted by Attorney-General Bland, and duly approved, governing the shooting of game in British Columbia during the approaching autumn.

It has been decided to open pheasant shooting in Cowichan district (where most of the shooting is on private lands by owner's permission or invitation, and subject to certain municipal regulations) on October 1, the season extending to the 31st December. In the electoral district of the Islands (excluding North Saanich) pheasants will be legitimate spoil of the fowler during October only. No pheasant shooting is to be permitted on the mainland, in Esquimalt or in North Saanich, as it is the intention of the government to put out during August in these sections some fifteen hundred chicks of an imported American larger and stronger breed for the improvement of the strain of the provincial birds, which latterly have shown deterioration from in-breeding.

Grouse Shooting

Grouse shooting is to be allowed on Vancouver Island and the constituency of The Islands from the 15th September to the 31st December, the season here being advanced a fortnight in order to meet the general and justifiable desire for uniformity in the shooting season. The opening of the grouse season on the Island on September 15 is general but for the fact that the diminishing willow grouse may not this season be shot in Cowichan. On the lower mainland, both blue and willow grouse may be shot from October 15 to December 31, while the sportsmen of Fernie and Cranbrook districts may also enjoy, for the first time, an open season for grouse during October only. For all the rest of the mainland the open season for grouse shooting extends from the 1st September to the 31st December.

Prairie chickens (for the first time) may lawfully be shot in any part of the province during all October.

Quail shooting becomes permissible in Cowichan, Esquimalt, Saanich and The Islands districts from October 1 to December 31; and duck, snipe and geese on Vancouver Island and the islands ad-

acent from the 15th September to the 28th February. The sale of these birds will only be allowed hereafter, however, during October and November, market hunting having during late years visibly reduced the flocks of migratory waterfowl.

Island Deer.

Deer shooting on Vancouver Island and the adjacent islands for all varieties but elk (which are under special protection) opens September 15, continuing until the 15th of December, but no sale being allowed. Elsewhere throughout the province, excepting in the Queen Charlottes, the open season for deer is from the 1st September to the 15th of December, the sale of venison on the mainland being allowed as from the 1st September from the 15th November only.

Kalen Island and the established game preserves of Lillooet and East Kootenay are specially and specifically exempt from the provisions of this minute-of-council.

While noting the government's regulations for the approaching open season as above outlined, it will be well for sportsmen to bear in mind also a few short changes made in the general law during last session of the legislature. This legislation provides for the export of trophies "upon permit being secured in writing from the minister charged with the administration of this act."

It is also provided that any non-resident of the province must obtain a license before enjoying either the shooting or the fishing of this province. A general license, good for one year, costs \$100, but does not give the holder the right to kill more than two moose, two elk, two mountain rams of any one species or more than three in all, three goats, three caribou, and three deer of any one species or more than five in all, or more than two hundred and fifty duck. A license to hunt bear and moose, the 1st January and the 15th July is fixed at \$25; while the sportsman's license, limited to bird shooting, from the 1st September to the 31st March in the year following, is placed at \$50, the provincial game warden being authorized to issue special licenses for bird shooting to non-resident British subjects for a fee of \$5 per week.

An angler's license costs \$5, and is good for one year from the date of issue.

Many Tribesmen Killed

TANGIER Morocco, June 29.—Couriers arriving here today report the slaughter of 1,500 natives in a battle with French troops in the Tadla district, on June 23. The French losses are said to have been slight. No details of the fighting are obtainable.

PARIS, June 29.—French troops encountered a force of Moroccan hillmen at Oumer Rebia, Morocco. The French killed thirty officers and men killed and 100 wounded. General Melier is hastening to chastise Berbers and other hill tribes.

BOWLING GREENS ARE IN DEMAND

Enthusiasts Engaged in the Popular Game Every Day—Season's First Tournament Drawing to a Close

The Beacon Hill bowling greens during the past several days have been in demand. Scarcely an afternoon passes without seeing one or two league matches or a friendly game in progress. It is expected that by Saturday afternoon the second round of the tournament will have been practically completed, allowing some of the semi-finals to be brought off. The results of a few of the recent games follow: (Singles) J. A. Turner beat R. W. Coleman, 22-13; F. Robertson drew with R. W. Coleman, 7-7; H. J. Jones beat George Mowat, 21-14; J. Lemon beat A. Stewart, 16-11; R. W. Coleman beat H. H. Jones, 21-14; A. E. Rannister beat Cliff Denham, 27-22. (Four-handed) C. Denham and R. W. Coleman beat George Lowe and J. A. Turner, 29-27. In a twenty one end game, W. D. McGregor and A. E. Rannister beat Messrs. Jerome and McDonald, 13-7; Messrs. Macdonald and Mowat beat Messrs. Clements and Coleman, 8-2; J. Savannah and H. H. Jones beat P. Fleming and P. Brown, 21-17; J. Dilworth and P. Robertson beat A. W. Elliott and William Olliphant, 18-17. Six-handed Messrs. Dilworth, Rannister and Walker drew with Messrs. Coleman, Dunn and Wood, in a twelve end game.

RENTON'S NINE TO PLAY HERE

Fast American Ball Nine Booked by Manager Wattalet, of Victoria, for Games Friday and Saturday

Baseball fans will be able to celebrate the 1st of July, Canada's Natal Day, appropriately for one of the crack Washington nines, the representing Renton, is coming here for a match with Victoria tomorrow afternoon and another on Saturday.

The team which Manager Wattalet had booked for these dates, Bellingsham, disappointed him. A few days ago he received a wire announcing that the team was unable to make the trip to Victoria. Without moment's hesitation steps were taken to make other arrangement. The result was that yesterday word was received that Renton—a team that has a much higher rating than any of those seen on the local grounds this season—would visit the Island, participate in the Dominion Day festivities on this side, and do everything possible to show the locals the way in a nine inning argument.

In confirmation of the statement that the Renton have a really strong organization it may be mentioned that the battery—Reese pitcher and Ladd catcher—was one which Manager Brown, of the Vancouver pros, had signed up early in the season. He allowed them to go because he had a number of veterans on his pay roll and could not afford to do much experimenting with the young aspirants. However, that they are something exceptional, if judged from an amateur basis, there is not the slightest doubt. The remainder of the team's personnel is in keeping.

Just what Wattalet is going to do about the Victoria team has not been divulged in full. It is known that as far as the infield and the gardens are concerned the faces will be the same as those which have grown familiar and popular. But the battery's personnel is the question which appears to be shrouded in mystery. The manager declares that no decision has been reached, that all three pitchers will be warmed up in preparation and that whichever shows up the best will be selected. As for the backstop position it is possible that Fryberg will be found there for a change.

The Friday game will start at 3 o'clock and that of the day following at 2.30, it being necessary for the visitors to catch the outgoing boat on that day.

WINNIPEG CREW SEVERELY CRITICISED

LONDON, June 29.—Guy Nickalls writes that Winnipeggers are the most criticized crew at Henley. He thinks the latter is not of the same class as past crews. He states "To our ideas of rowing, Winnipeggers commit all faults possible to oarsmen. They rush forward and go slowly back; they do not swing to perpendicular; they are able to slide twenty-one inches, but are not used to more than 16 inches; they are not even together yet; they are very fast. If they win, I suppose it will be figured that we should copy their style. Heaven forbid. But this contingency I consider very remote."

Winnipeggers were out last night in a strong breeze, and went down stream very fast to regatta island, and then turned back. Their steering was erratic, but striking 25 strokes to the minute, they were reached in four minutes and fifteen seconds. In consequence of wind they reached winning post in eighteen minutes and fifteen seconds.

MELROSE NINE WIN FRIENDLY BALL GAME

A fast and exciting game of baseball was played last night between the Melrose and Hinton teams. Up to the last inning the score stood 16-3 in favor of the latter. Then the Melrose nine began to do a little work, running up eleven runs before the third man was retired. The competing teams took the field as follows: Melrose: Petticrew, c.; Johnstone, 2nd

b.; Campbell, 1st b.; Sellick, r. f.; Corbett, 3rd b.; Brooks, s. s.; Billingsley, l. f.; Creed, c. f. and Gravelin, p. Hinton: McTavish, p.; Bishop, c. f.; Hughes, 1st b.; McKittrick, 2nd b.; Brooker, 3rd b.; McKittrick, s. s.; Silver, c.; Clino, l. f.; McArthur, r. f. W. Lorimer refereed.

DISCUSSES FALL KENNEL SHOW

Committee Victoria Club Waits on George Sangster, Secretary, Agricultural Association and Submits Proposition

To endeavor to arrange for a fall kennel show in connection with the British Columbia Agricultural Association exhibition a committee from the Victoria club waited on Secretary George Sangster yesterday afternoon and laid the proposition before him. While that official appeared to be favorably impressed he explained that he could not make any decision on his own responsibility, but that he would take up the question with the executive at the earliest possible moment.

The suggestion made is that the fair management make an appropriation of \$1,000 to finance the show. With that to go upon the kennel committee would take full charge, turning over the entire receipts to the B. C. Agricultural Association. It is estimated that the income would amount to \$800 at least, thus making the cost of the attraction but \$200. In the opinion of the doggy men this is a small outlay for such a feature. They believe—and are sincere in the claim—that the exhibition management would receive a full return of the original outlay besides making the fair that much more attractive.

GREAT LACROSSE MATCH ASSURED

Vancouver-New Westminster Game of Dominion Day at Terminal City Will Be Fast—Ditchburn Chosen Referee

"BILLY" DITCHBURN WILL BE REFEREE

Word was received from Vancouver yesterday to the effect that V. Ditchburn, the veteran lacrosse player of this city, has been chosen by the representatives of the Vancouver and New Westminster team to referee their Dominion Day game at the Terminal City.

VANCOUVER, June 29.—There is one thing in connection with the lacrosse game on the holiday this week that can be taken for granted. Whichever way the result goes, the game itself will be close and worthy to compare with many other great games which have been played on Dominion Day between the sick-handlers of the sister city. Every fan must acknowledge that much and the aggregation in attendance at the grounds is therefore bound to be imposing, and to show what a great hold the national game has

St. ALICE WATER

Hot Springs of Harrison

Thorpe & Co., Ltd. Sole Agents

The record for the season shows that the Greenshirts are playing a far better game on their own enclosure than at Westminster. They have registered their two wins, one league and one exhibition game at Recreation park, and they lost the last league match at the park only after a sensational finish. This game will also be found to rank with the intense variety.

Manager Jones had a conference yesterday with the officials of the Westminster club over the question of the eligibility of Bun Clark and Sandy Cowan, and he reports that he was able to convince them that the rules had been complied with in the signing of these men so that they would be eligible for this game. It would have been disappointing if these men could not have come up to the standard of the rules required, for they are likely to make their presence felt.

The goal tender has been showing great form in his last couple of practices and if he can produce similar skill in guarding the net in the game, Vancouver could not ask for a more reliable man. It will be like old times to see Sandy Cowan back in uniform. The question to be solved is can he come back. One must wait for the actual play to determine this point, but Sandy is a player of such experience that he knows how to spare himself unnecessary exertion.

The defence that the Vancouver team is fielding is one to enthrall or Grifflths and Pickering will be back; and altogether the line of defenders will be hard to pierce. It is still said that Jimmie Gifford will not be on the Westminster team because of his marriage this week. There was a similar report when Grumpy Spring became a benedict a few days before the first of July last year, but when the Redskins fielded, Brumphy was among them and his honeymoon seemed to inspire him to great efforts. Gray may be away from the champions' net and Hughie Gifford is slated to fill the position. If he gives as good account of himself as in the last game at Westminster the youngster will be a credit to the team.

LACROSSE FANS' STRENUOUS LIFE

"Cost of Living Expert" Gives Statistics Showing Expense of Match to Average Enthusiast

The average cost to the average man to see the average lacrosse game has been figured out by our statistical and "high cost of living" specialist, says the New Westminster News. The specialist was given a large staff and two weeks and told to go ahead and we are able to place the results of his labor before the public. The total may seem startling to anyone who has not made a deep study of the matter, but we can assure our readers that nothing here is exaggerated and the calculations are guaranteed sound.

The letters opposite the figures indicate notes, as some of the items are slightly complex and need explaining. The cost of the game to the average spectator may be figured out as follows:

Admission to grounds.....	\$ 25
Admission to grandstand.....	50
Accident insurance.....	5
Cushion.....	13
Damage to nerves (estimated).....	2.50
Damage to nerves (estimated).....	3
Hat.....(a)	3.50
Outing for wife.....(b)	7.80
Sporting extra.....	5
Three drinks.....(c)	35
Pipe stem.....(d)	20
Street car fare.....	10
Postage stamps.....(e)	2
Total.....	\$15.54

Taking 3,963 people as the average attendance at the average game it will be seen that the enormous sum of \$61,555.92 is spent by the spectators. Of this, \$2,972.25 goes to the lacrosse clubs, \$198.15 to the peanut man, and the rest is distributed among wives, hatters, tobacconists and other individuals and corporations.

(a) This item is not for the spectators but for one belonging to the man in front of him. It has been calculated that the man sitting in front of an average man at an average game is slightly bigger than the man behind him on an average, and so when the spectator (we will call him X to avoid confusion), gets excited and steps on the hat belonging to the man in front of him he must needs bump him another and so the \$1.56 is incurred. This item is almost an invariable quantity.

(b) This item is based on the average objection the average man has for taking his average wife to a lacrosse match, and represents the amount that the average husband is willing to apportion in order to appease his spouse. If a man is not married the case does not apply.

(c) This item is the most variable included in the estimate. When the

No Fear for Crops

TORONTO, June 29.—Among local grain men there is a disposition to discredit any attempt to alarm the people over the probable outcome of the northwest wheat crop. D. W. Matthews voiced the opinion of a majority of the grain merchants in Toronto today when he said, "I do not believe that anybody at the present time can tell anything about the crop. We all know that rain and cool weather, while it kept it back a little, increased the strength and endurance of the grain in most sections. So far as our knowledge goes, we are unable to locate any instances of damage either by rain, drought, heat or bugs."

Cooler Weather on Prairies

WINNIPEG, June 29.—After the extreme heat of the past week in Manitoba the weather has turned cooler to-night. Several points in Southwestern Manitoba report thunderstorms with heavy rain, which will relieve any anxiety in regard to the crops in the provinces where rain was most needed.

Bribery Jury Disagree

CHICAGO, June 29.—After having been out 115 hours considering the evidence in the trial of Lee O'Neil Browne, charged with bribery in connection with the election of William Lorimer to the United States senate, the jury in the case reported today that it could not agree upon a verdict. The jury was thereupon discharged by Judge McSurely.

Jeffries Johnson Battle Chief
Topic In Sporting Circles
Here—Conflicting Opinions
—Question of Endurance

TO FOLLOW FIGHT
ROUND BY ROUND

Arrangements have been made by the Colonist for a smart bulletin service of the Jeffries-Johnson fight, which starts at 1.30 o'clock on the afternoon of next Monday at Reno, Nevada. News of the progress of the great championship battle will be flashed direct from the ring-side and Victorians will be enabled to watch the fortunes of the fighters from the moment Referee Tex Rickard gives the word, and the gong sounds almost as well as though occupying a \$50 seat at the scene.

Interest in the combat between the white and black pugilistic giants on the 4th of July, locally, is at the highest possible pitch. Among sportsmen lacrosse, baseball, rowing and the majority of other athletic recreations have been forgotten. Everywhere it's "fight." "I think Jeff should get the black fellow but—" "Still, you know that nigger is all-fire cute, however—" "If Jeffries doesn't land him within ten rounds he's gone." And so it goes all day long, the fact of the matter being that conflicting opinions of experts, given publicity through thousands of columns in the leading sporting papers, has hopelessly confused most minds. Everybody hopes to see Jeffries regain the title, but many are lacking in faith.

The battle was brought nearer home on Tuesday when Fitzsimmons, "Tommy" Burns' brother and other prominent sportsmen passed through from Australia en route to Reno, modest, unassuming Reno, until a few weeks ago scarcely heard of, and now the most spoken of community on the face of the globe. Fitzsimmons' confidence in Jeffries' ability, his firm belief that the "big fellow" wouldn't enter the ring unless he had succeeded in reaching his true form, and his

declaration that under such circumstances the Ethiopian cannot win has sort of bolstered up the many doubting Thomases of Victoria. They look forward to the event now with more assurance.

One phase of the conversation the veteran Cornish fighter made while in Victoria which is interesting and has not yet been published is his view of the agitation which so worked on Governor Gillett, of California, as to induce him to take the steps that resulted in the transfer of the battle from Frisco to Reno. "It's a confounded shame," exclaimed Fitzsimmons emphatically. "I felt sorry for the San Francisco people. They will lose thousands of dollars. When the suggestion was ventured that this might be the last of the big fight engagements, as the laws of the majority of the States in respect to them were becoming very stringent, the excitement shook his head dubiously. 'I don't know what we're coming to. It may be that it will be so but I would hate to see the game killed.' Then he brightened, throwing off the thought in favor of a discussion of the forthcoming event on the principal that it is useless crossing bridges until they are reached.

Question of Endurance.

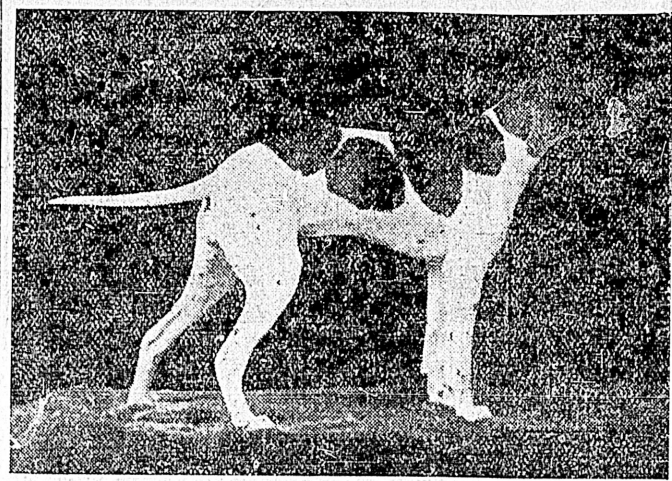

With regard to next week's affair an interesting letter by Jack London, who is to give a syndicate account for different United States journals, has been published. He remarks that it must be remembered that neither man has been really extended and that neither man has been called on to endure to the utmost. Barring a lucky punch in the opening rounds, he adds, endurance will play a large part in determining which man is the better. And by endurance is meant the capacity not only to assimilate punishment but the capacity to administer punishment and to keep on administering more and more punishment.

He goes on to refer to the quality of endurance which he declares not every man, no matter how strongly he may appear to be built possesses, and which he terms "abysmal buttness." Of the two men, he says, Jeffries has thought more about himself and he has hinted that he believes he possesses it. He has called it reserve power or a sort of second wind that doesn't depend on the lungs but that resides in the muscles themselves. London ventures that Jeffries has it. Johnson he says does not know himself. There is one quality in which Johnson has the advantage over Jeffries and that is in relaxation. Jeffries, while cool and keen, is always tense. Johnson has the art of relaxing perfectly. His fiercest rallies are always followed by intervals of repose.

It is ventured, in conclusion, that Johnson will be compelled to put up the fight of his life. He has never in his life faced so formidable an antagonist. In Jeffries it remains to be seen whether Johnson can make him put up the fight of his life.

Burns a Joke.

Referring to Tommy Burns' treatment at the ringside a rather illuminating despatch has been received

Hickory Queen One of Finest
Pointers Shown in City

from Reno. It follows in part:

When Thomas Burns of Australia, arises from his chair at the ringside just before the big battle on Independence Day, prepared to make a few remarks about his ability to "lick" any gentleman who wins the contest about to be staged, it is generally conceded that he will spring the one joke of the day.

Neither Jeffries nor Johnson will treat Tommy's remarks with that seriousness which might mean a fight and some shuffles for the ex-champion, tumbled over by Johnson some time ago. Neither will pay any attention to the challenge and after the crowd has finished laughing it is understood on very reliable authority that oblivion will be waiting to seize upon said challenger.

Wolgaat vs. Nelson.

RENO, June 29.—Tom Jones, manager of Ad Wolgaat, has sent a message to the lightweight champion at his home in Michigan, instructing him to leave for Reno as soon as possible.

Battling Nelson is also expected here for the fight, and Jones will endeavor to arrange a return match between the clever little fellows to be held here on Labor day.

"It all rests with Nelson," declared the champion's manager. "If he wants to fight again, Ad will be only too glad to accommodate him."

Word was received at Jeffries' camp today that Frank Gotch, the wrestler, will leave Iowa for Reno tomorrow night.

Seattle \$2.70 round trip by S. S. Iroquois leaving 9 a. m. Good from June 30th to July 5th.

K. OF C. DEFEATED
PRIDES LAST NIGHT

In a local league match last night the Knights of Columbus defeated the Prides by 5-1. The contest was one of the fastest and clearest of the series. Only two errors were chalked up to each nine throughout. Messrs. Schneider and Medina were the battery for the Prides, while the winners had Keopock in the box and Silver acting as backstop. Sammy Bowers was referee.

HILLS TEAM FOR
VANCOUVER TONIGHT

This evening the Beacon Hill baseball team will leave for Vancouver to meet, on Dominion Day, the Clovers of the Terminal City, and on Saturday, New Westminster's senior nine. The Hill's line-up will be chosen from the following: Messrs. Scott, Russell, Gravelin (W), Gravelin (T), Brown, Steele (E), Steele (R), Monck, O'Rourke, Tison, McDougall and Townsley.

Not Our Kind of Mayor

The Mayor only turned up at the council chamber on Monday to attend the regular meeting of the council, consequently no meeting was held.—The Islander, Cumberland.

Daylight Service to Seattle by S. S. Iroquois, leaving 9 a. m. daily, except Sunday.

WESTS SECURE
FIRST VICTORY

Cloverdale Trimmed in Local
Senior Lacrosse League
Match by Score of 3-1—Exhibition Game at North Ward

LACROSSE LEAGUES

The standing of the local senior and intermediate leagues follows:

Senior	P.	W.	L.	D.	Pts.
North Ward	2	2	0	1	5
Cloverdale	3	1	1	1	3
Victoria West	3	1	2	0	2

Intermediate	W.	W.	L.	Pts.
North Ward	2	2	0	4
Victoria West	2	1	1	2
Oak Bay	2	0	2	0

Victoria West lacrosse players followed up their recent unexpected draw against North Ward last night by overcoming Cloverdale, the twelve which, it was thought, was so strong as to be out of the reach of this year's green-jerseyed outfit. But, even with the redoubtable "Sammy" Lorimer looming large before the net, the suburbanites were unable to keep the Wests out, falling before them by the score of 3-1 after a really fast, high-class and all-round interesting game.

That there was going to be something out of the ordinary happen when these two teams should clash was the opinion of the enthusiasts after they had witnessed the speedy Ward bunch pressed to the limit of their endurance. And the prophecy was justified. Although the lads from across the harbor had not a home that would make Vancouver or Westminster pant with envy, yet their defence was about as hard to beat as could be mustered in this city. So the sturdy back division fed the average home department faithfully and constantly with the result that Lorimer and his myrmidons were successfully forced three times, while the Cloverdales were only able to retaliate in kind once.

In the opening quarter the ball had been travelling from stick to stick without serving any good purpose until Campbell, Victoria West's centre, secured in a rush and winged the sphere into the net. With the first score to their

credit the Wests appeared to slow down, while the suburbanites braced up and did some attacking. Their home began to take an active part in the proceedings. The opposing defence was enticed just a little too far from the flags when Dempster simply snatched the stick, found and took advantage of an opening cleverly. Thus, with the tally even the first period ended.

Although Cloverdale tried desperately, they were more on the defence than carrying the war into the opposition camp from this stage until the finish. The second quarter brought a second goal for the Wests from Jenkins' stick. In the third the final notch of the match was obtained. Corkall did the trick. The last quarter was uneventful.

Throughout the contest was devoid of intentional roughness. "Bob" Whyte, who refereed satisfactorily, however, was called upon to discipline a number of the players. Once "Sammy" Lorimer was sent from the field for three minutes for making too pronounced and rude use of his weight. Sam didn't like the ban and said so in forcible terms. Whyte simply remarked that the team would have to get another official and walked from the field. However, he was supported by both sides and, on a general request, returned.

The Teams

The teams took the field as follows:

Cloverdale	Position	Vic. West
A. Clarke	goal	H. Campbell
S. Lorimer	point	Clegg
Temple	cover	Styles
S. Redgrave	1st def.	McLachlan
Owens	2nd def.	O'Neil
Thral	3rd def.	Campbell
Leo Sweeney	centre	Campbell
S. Redgrave	3rd home	Ross
Carr	2nd home	Nason
Young	1st home	Jenkins
Dempster	Outside	Corkall
Hancock	Inside	Bailey

Exhibition Match

At the North Ward Park this evening there will be an exhibition match between the senior and intermediate teams, the former wearing blue and the latter striped jerseys. The idea is to give the first twelve a drill in preparation for their approaching league match with Cloverdale. There will be a band concert and it is expected that a large crowd will be in attendance.

Here is the way in which the opposing teams will take the field:

Seniors	Position	Intermediates
Johnson	goal	Phipps
Sweeney	point	Wall
Joe Dakers	cover	Dinsdale
Noel	1st def.	A. Dakers
Kroeger	2nd def.	Martin
Brynmorison	3rd def.	W. Blake

FOUR CRICKET
GAMES ARRANGED

Albion Club Has Announced
Week-End Engagements to
Give Every Playing Mem-
ber Exercise

The Albion Club will be playing four matches this week end.

On Friday two teams will be engaged in all day matches against the Garrison C. C. on the Beacon Hill grounds and Saanich at Royal Oak. The Garrison match is scheduled to commence at 10.30.

Another all-day match will be played at Beacon Hill on Saturday against the Seattle Club, and the other team will meet Esquimalt on the canteen ground, this game commencing at 2 o'clock.

These four teams have been selected by the committee with a view to giving every member an opportunity to play, where it was possible, and it speaks well for the club that out of your eleven forty different members will be playing.

The teams as selected are as follows:

Vs. Garrison at Beacon Hill, Friday at 10.30—L. B. Trimen (Capt.), E. Parsons, H. Wyles, M. B. Lloyd, E. W. Ismay, H. A. Ismay, D. Hallam, H. E. Sothern, C. C. Tunnall, C. Gifford and R. White.

Vs. Saanich C. C. at Royal Oak, Friday at 11 a. m.—F. W. Ashby (Capt.), G. Barraclough, H. O. Kirkham, C. A. Forsyth, T. Hewlings, L. Taylor, C. J. Clegg, H. G. Anderson, P. C. Langford, A. Genn and H. Jarvis.

Vs. Seattle C. C. at Beacon Hill, Saturday at 10.30 a. m.—C. W. Scott (Capt.), W. Gregson, H. H. Pegler, E. W. Ismay, H. E. Bayley, P. Boiston, F. W. Ashby, A. Roberson, R. Winter, J. Wick and J. Spain.

Vs. Esquimalt C. C. at canteen ground Saturday at 2 p. m.—R. White (Capt.), A. T. Green, W. G. M. Rolston, H. F. Hewitt, S. A. Staden, A. Richardson, R. C. Cooper, G. Barraclough, B. E. Lefevre, H. J. Wick and J. Nelson.

The closing exercises of Kingston St. school will be held at South Park school at 9.30 and at 11. The pupils of South Park School will entertain their parents and other visitors. Spring Ridge closes at 10 a.m.

A wedding is announced for Wednesday next at St. James church, in this city. The contracting parties being Mr. Phil A. Watson, youngest son of the late Dr. Macpherson, and Miss Ellen, eldest daughter of Mr. Arthur St. George Flint, late of Dublin, Ireland.

Hon. Thomas Taylor, Mr. William Mullin, M.P.P., and Mrs. J. A. McNeill, government agent, returned to Prince Rupert from Stewart on Saturday last, and sailed again the same day for Kitsoas by the Distributor. Mr. McMullin will only go as far as Kitsoas and Kitsumkalum, and the rest of the party will proceed to Hazelton, Aldermere and Hazelton. Mr. Edward Clark, government road superintendent, is with the party.

Among Vancouver visitors in town are Messrs. T. B. Cuthbertson, John Helliwell, E. A. Hans, Mr. and Mrs. E. B. Penty, Mrs. S. S. Taylor, Mr. R. H. Carson, Mr. and Mrs. I. B. Lewis, Mr. M. Thompson, Mr. M. Weston, Mr. W. J. Walker, Messrs. E. E. Gagner, A. H. McNeill, J. Wilson, A. J. Crane, C. P. Jones, C. M. Woodworth, Mrs. T. McCarter, Mr. and Mrs. H. Elliott, all of whom are guests at the Empress.

At the residence of Mr. J. H. Hunter, 1928 Pender street, Vancouver, the marriage took place on June 27th of Mr. Clifford B. Logan and Miss Emily Roberts, both of Victoria. Rev. A. M. Stanford performed the ceremony. The couple were attended by Mr. George Logan and Miss Margaret Logan, also of Victoria. After a short honeymoon trip to Seattle and Portland the couple will return to Victoria to take up their residence.

There was solemnized at the Rev. Mr. Holling's residence on Tuesday the marriage of Oswald S. Manners and Miss Jessie Burr, sister of Mr. Arthur Burr. Only the immediate friends of the contracting parties were present. The bride looked very charming in an Alice blue Princess robe handsomely trimmed with white soutache and leghorn hat trimmed with cream chiffon. After a brief honeymoon they will take up their residence in Victoria.

One of the prettiest June weddings of the year was that solemnized last evening at the Metropolitan church, between Mr. Fred G. MacGregor, one of the best known of Victoria's young business men, and Miss Lillian Bray, the only daughter of Mrs. M. Bray, of 1147 Johnson street. The bride entered the church leaning on the arm of her brother. She was beautifully dressed in a beautiful cream satin Princess gown with Irish lace yoke and alid veil caught with orange blossoms, and carried in her hand a lovely shower bouquet of cream roses. The bride was assisted by Miss Jeanne MacDonald and Miss Minnie MacGregor, the latter being the sister of the groom. The bridesmaids looked very pretty, wearing pale blue silk crop-de-chene dresses with silver trimmings, and also black picture hats with pale pink roses and blue forget-me-nots. They carried in their hands sprays of pale pink carnations. The groom was assisted by Mr. James William Maynard. The gift of the groom to the bride was a beautiful gold watch, and to the bridesmaid he gave lovely gold rings set with pearls and rubies. To the best man he gave a breast pin, set with pearls. The church was crowded for the ceremony with the many friends of the young couple. The inside of the edifice and the space around the altar were prettily decorated with white flowers, and the ceremony was performed under a large flower bell. Rev. T. E. Holling was the officiating minister, and Mr. Jessie Longfield presided at the piano,

OLD CHUM CIGARETTES

Equal in quality to the well-known pipe-tobacco and specially blended for cigarette smoking.

TEN FOR TEN CENTS.

which is at present being used in the church pending the installation of the new organ. The ushers were Mr. E. B. Jones and Mr. Alfred MacGregor, the brother of the groom. The members of the Young People's Bible class of the Metropolitan church, of which both bride and groom are leading members, formed the choir for the occasion. After the ceremony was performed the wedding party left for the home of the bride's mother, where only the intimate friends of the couple assembled. At 10 o'clock the happy couple boarded the Princess May for Vancouver, from where they will journey to Harrison Hot Springs where the honeymoon will be spent, after which they will go to Alberni for a few days. The going-away dress of

the bride was of Princess style with pretty wine-colored coat and hat to match. A large number of friends gathered at the boat to wish the happy pair farewell.

A very pretty home wedding was solemnized last evening when Miss Ethel Wilson, youngest daughter of Mrs. Mary Wilson, and Mr. Walter Caldwell were married by Rev. W. Stevenson at the residence of the bride's sister, Mrs. W. P. Marchant, Pembroke street. The bride, who looked charming, was attired in silk chiffon over taffeta trimmed with silk applique, and was given away by her brother-in-law Mr. Marchant. She was attended by her sister, Miss Gwendoline Wilson, who looked very pretty in a gown of white net over

blue silk. The bride carried a shower bouquet of bridal roses and the bridesmaid one of pink and white carnations. Little Miss Gladys Marchant looked sweet as flower girl in pink and white. The groom was attended by Mr. Walter Wilson who with his mother and several relatives came over from Portland, Ore., to be present at the ceremony. Mrs. Almo V. Wells, of Boise, Idaho, the bride's eldest sister, was also present, handsomely attired in a lavender silk costume. Among other guests at the ceremony were the mother of the groom, Mrs. A. A. Caldwell, in pongee silk and flower toque; Mrs. V. G. Heather, in crepe de chene; Mrs. A. Beaven, of Spokane, Wash., in black silk with jet trimmings and Mrs. H. E. Caldwell in pongee silk and black hat. After the ceremony a reception

was held the happy couple leaving last night for the mainland where they will spend their honeymoon. A large number of handsome presents were made to the young couple. The groom's gift to the bride was a pearl crescent brooch and to the bridesmaid and flower girl gold bracelets. On their return Mr. and Mrs. Caldwell will take up their residence at 1250 Johnson street and will be at home to their friends on and after August 2.

BEVERLY, Mass., June 29.—Wm. Neilson McVickar, Protestant Episcopal Bishop of Rhode Island, died at his summer home at Beverly Cove late this afternoon after a lingering illness. He had been bishop of Rhode Island since 1893. Bishop McVickar was born in New York in 1853.

Some Interesting Facts About Overlands

Our 800 dealers now are selling over \$200,000 worth of Overlands daily. That's a far larger sale than was ever attained by any other car in the world.

Some of the Users

The Government is one of the Overland users. For a year and a half some of these cars have been used in carrying the mails. For 500 days they have made their regular trips, winter and summer, without a moment's delay. Each one of these cars has done the work of three horse-drawn vehicles.

The J. I. Case Threshing Machine Company some time ago supplied 25 Overland cars to their country salesmen. They report that one man with one of these cars can do two salesmen's work.

The Altman & Taylor Machine Co. have also begun to supply Overlands to their salesmen.

We have recently built delivery car bodies on 900 Overlands for the use of storekeepers who want them for use as light delivery cars.

All Due to Simplicity

All these new uses for Overlands are due to their utter simplicity. A novice can run one as well as an expert.

The operation of the car is by pedal control. One goes forward or backward, fast or slow, by simply pushing pedals. The mails have nothing to do but steer.

Overlands are almost trouble-proof. The usual complexities have been avoided. One of these cars has been run 7,000 miles, night and day, without stopping the engine.

A child can master the car in ten minutes. Any member of the family can run it. And a car that is relied on to carry the mails is the car which will always keep going.

\$3,000,000 Plants

Over \$3,000,000 has been invested to produce Overland cars. In a perfect and economical way. The cars are made—as watches are made—by modern automatic machinery. Thus we get exactness to the ten-thou-

sandth part of an inch. And thus every part is made exactly like every other similar part. All parts are interchangeable.

Because of this machinery and our enormous production, we are able to make cars for less than any one else.

This year we are selling a 25-horse-power car, with 102-inch wheel base, for \$1000. We are selling a 40-horse-power Overland, with 112-inch wheel base, for \$1,250. And these prices include all lamps and magneto.

During the past year alone we have cut the cost of Overlands 20 per cent by multiplied production and this labor-saving machinery.

10,000 Tests

The various parts of each Overland car are subjected to 10,000 rigid inspections. Then every car, before it goes out, is given a long trial run on rough roads. One of our test roads includes the worst hill in Ohio. Thus we know that each Overland is a perfect car before it leaves the shop. There are no mistakes.

Those are part of the reasons why Overlands have now come to outsell all other cars that are made. You will want the car which others want when you learn the facts. If you will send us this coupon we will mail you our catalogue. We will also tell you the nearest place where you can see the cars.

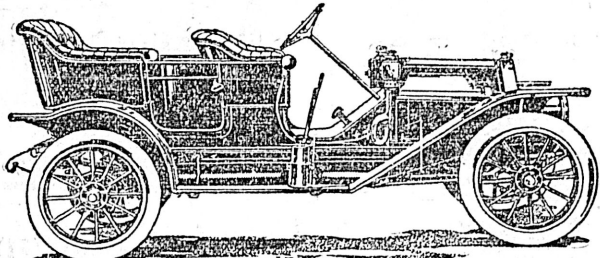

The Willys-Overland Co., Toledo, Ohio.

Licensed Under Selden Patent.

Please send me the catalog free.

.....

THE OVERLAND

The 25-horsepower Overland costs from \$1,000 to \$1,100, according to style of body. The wheel base is 102-inches. The 40-horsepower Overland costs from \$1,250 to \$1,500. All prices include five lamps and magneto. (74)

PUBLIC SCHOOLS

CLOSE TODAY

Pass Lists to Be Made Public and Honor Rolls Distributed—Closing Exercises Take Place

Today all the public schools of the city will close for the long summer vacation, and during the next six weeks thoughts of books will not haunt the minds of the scholars of the schools for they will be holidaying.

At most of the schools the regular closing exercises will take place at which the pass lists for the year will be read and the rolls of honor distributed and prizes given out. Some of the schools have provided for a musical programme to be given in connection with the other closing exercises.

The Girl's Central School will hold their closing exercises in the Pemberton Gymnasium on the school grounds commencing at 10 o'clock. Rev. W. Leslie Clay and Trustee Mrs. Jenkins will address the scholars and friends there assembled and a musical programme will be rendered, after which the rolls of honor will be distributed and the prizes awarded. At the Boys' Central there will be no programme given, but all the classes will be open during the morning to visitors and friends. The promotion lists of each division will be read out.

At the High School there will be nothing in the way of closing exercises as most of the school was disbanded for the year. The annual High School midsummer examinations commence on Monday, July 4th. Those who are trying the High School entrance examinations will be finished with their labors tomorrow. Practically all the other schools of the city are providing some sort of a programme for the closing day with the exception of the North Ward School, which usually gives an entertainment on the opening of the school in the fall. The classes of the school will be open to receive visitors during the morning.

HOSPITAL ON SURE FINANCIAL BASIS

Continued from Page Eight.

have sent books, magazines, fruit and flowers. Respectfully submitted, M. C. MACDONALD, Matron.

The Isolation Hospital

Following the reading of the above reports Mayor Morley moved their adoption. There was one portion of the board of directors report which was hardly correct. It was stated that the question between the city and the Jubilee Hospital regarding the latter taking over the isolation hospital was in abeyance, whereas the city council had decided to seek the sanction of the ratepayers to raise a loan of \$50,000 to erect a new isolation hospital. He considered that it would be in order to approach the provincial government and ask for aid for such a new institution, as provincial cases would be treated there. He recognized the need of an infirmary, but he thought if the isolation hospital could be got under way this year the infirmary could wait until next year when the government could again be approached for assistance. Such an infirmary as was required would be suitable for the lower end of the island. The city council in undertaking the erection of an infirmary would have to look to the board of directors of the Royal Jubilee for co-operation.

The Right Rev. Bishop Perrin seconded the motion, stating that he had listened with interest to what the mayor had said about the city undertaking a new isolation hospital and an infirmary. He considered that if the provincial government could be shown its way to help, both institutions might be commenced this year. An increase in the size of the Royal Jubilee was also necessary. He considered that the whole community should help to bear the burden of expense in connection with the deserving institution.

From Provincial Secretary

Speaking to the reports, Mr. H. D. Helmecken read the following letters which he had received from the Hon. Dr. Young, provincial secretary:

Victoria, June 22, 1910.

Sir,—Your attention is invited to the accompanying circular which has been forwarded to the secretaries of all hospitals in the province in receipt of Government aid, and I avail myself of this opportunity to request that, as an official member of the board of directors of the Provincial Royal Jubilee Hospital, you will report to this Department any irregularities in the carrying out of its regulations, and that you will endeavor, as far as possible, to see that the Provincial Government is not charged in the monthly return for the care of any person kept on account of old age, indigent circumstances, or any other reason than bodily diseases, and that the provisions of the "Hospital Act," 1902, a copy of which I enclose, are not contravened.

HENRY ESSON YOUNG, Provincial Secretary.

Sir,—I have the honor to invite your attention to the fact that the Department of Immigration at Ottawa provides for the payment of hospital charges against indigent patients who have resided in the Dominion for a shorter period than two years. From

GEORGE WASHINGTON'S QUEUES. It Hid a Luxurious Suit of Straight and Very Dark Hair.

The Father of his Country concealed a luxuriant suit of hair, beneath the queue wig. Many now wish the old fashions were in vogue, to conceal thinned hair or baldness. Yet no one need have thin hair nor be bald, if he cure the dandruff that causes both. Dandruff can not be cured by scouring the scalp, because it is a germ disease, and the germ has to be killed. Newbro's Herpicide kills the dandruff germ—no other hair preparation will. "Destroy the cause, you remove the effect." There's no cure for dandruff but to kill the germ. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. One Dollar bottles guaranteed. Cyrus H. Bowes & Co., agents, 1228 Government street.

this date the Provincial Government will not pay the per capita grant to hospitals for the treatment of such persons.

Their names, however, must be included as heretofore in the monthly returns (Form A) made to this Department, the number of days' treatment in such cases being deducted from the total.

Forms required by the Department of Immigration for the payment of these charges will be furnished, upon application, by the Superintendent of Immigration, Ottawa.

HENRY ESSON YOUNG, Provincial Secretary.

Speaking of these Mr. Helmecken said that the government was anxious to contribute on a proper basis. If the needs of the hospital were properly met in a proper manner the city might be induced to contribute more. There was little doubt that increased accommodation was required and if possible an entirely new building should be erected. This question should receive the earnest attention of the city.

Mr. Aleck Wilson said that he thought the city had done remarkably well in the aid which it had given the institution. He considered that if the loan was raised for the erection of a new isolation hospital, the board of directors of the Jubilee should pay the interest and the sinking fund. He was in favor of the Jubilee taking over the isolation hospital as he believed that it would mean more revenue to the former. The question of increased accommodation was a vital one, and he considered that the citizens generally were only taking a languid interest in hospital affairs as was evidenced by the present sparsely attended meeting.

Mr. R. S. Day drew attention to the betterment in the financial position of the hospital, which was a proof of increased efficiency in the management. The reports were adopted.

When nominations were being made for the appointment of directors Mr. H. D. Helmecken pointed out that a doctor was not entitled to sit on the board there being a provision in the Hospital Act covering this point. Replying to him Bishop Perrin said that doctors were entitled to sit on the board. The election proceeded with Dr. Leeder as one of the nominations and he was duly elected on the board. Subsequent to the meeting on the Hospital Act being consulted it was ascertained that Mr. Helmecken's complaint was justly taken. The clause in the act is quoted in a letter from Mr. Helmecken which appears in this issue.

Before the meeting concluded votes of thanks were moved by Mr. Helmecken, seconded by Mr. Day to the Women's Auxiliary, the King's Daughters, the Daughters of Piety and the retiring officers. In connection with the latter vote the mover paid a high tribute to Mr. Aleck Wilson's long association with the hospital and to the valued assistance which he had rendered.

A vote of thanks to the officers of the institution brought the meeting to a conclusion.

PRESENTATION TO MR. NELSON

Times Staff Show Their Esteem of Retiring Manager by Gift of Cane and an Address.

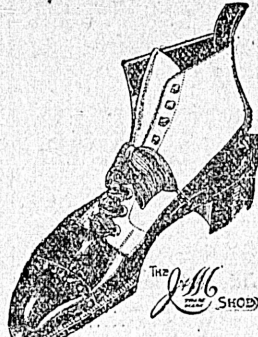

A pleasing incident took place yesterday afternoon in the editorial rooms of the Times newspaper, when Mr. John Nelson, the retiring manager of the paper was presented with a gold headed cane by the members of the editorial and business staffs of the paper. Mr. Nelson has been connected with the evening paper for the last 12 years, serving in turn as reporter, city editor and then manager. Mr. Robert Dunn, the editor, made the presentation on behalf of the staff, who were gathered in the editorial rooms, the following address being read by Mr. Charles Gregg:

Dear Sir,—The undersigned, employees of the Times Printing and Publishing Company, on the occasion of your leaving Victoria, wish to say a few words to you.

We hope this will not be considered the ordinary stereotyped address from friends to a departing friend, because in the relations, in a twelve years' period, between us, you have shown qualities that we would wish to speak of in a special way. To all of us you have been kind, considerate and courteous on all occasions. We have witnessed with that pleasurable inseparable from fraternal comradeship your rise to a position of prominence in the employ of the company. You "made good." That you will do so at Vancouver in your new and larger position we are sure. We hope you will take from us this little gift. It is not much, but it is intended to represent our good-will and affection. Mrs. Nelson will, we trust, believe that these sentiments are extended to her, also. Good-bye.

At first Mr. Nelson was non-plussed, but finally gathering his wits together, he made a brief reply in which he thanked the members of the staff for the gift with which they had presented him, and spoke of the regret which he

felt in leaving the journal with which he had been connected for so long a time.

Mr. Nelson left last night for Vancouver, where he will assume the management of the News-Advertiser, which has recently been purchased by Mr. J. S. H. Matson, of this city.

ASSASSIN HANGED

Murderer of Egyptian Premier Pays Penalty for Crime—Precautions Taken.

CAIRO, Egypt, June 29.—Ibrahim Wardana, assassin of Boutros Pasha, premier of Egypt, was hanged here yesterday, following extreme precautions taken to prevent any demonstration by the condemned man's sympathizers.

"I die for the cause of Egyptian liberty," were the last words of the prisoner's sayer. The execution took place in the yard of the government prison here and outsiders were excluded by the authorities. Newspaper men were barred from witnessing the execution and strong detachments of troops patrolled the streets about the prison. Many soldiers and police in uniform mingled with the crowds that gathered early.

Later the order was issued that no large gatherings would be permitted and the crowds were dispersed. The Nationalists wearing their colored fezes were in evidence, but they made no attempt at a demonstration.

Killed in Runaway.

KINGSTON, June 29.—Charles Dunwoody, who lives about a mile west of Nanapanee, was loading hay in a field when his horses became frightened at a passing automobile and ran away, throwing Dunwoody from the load. He alighted on the hay loader, injuring himself severely and dying a few hours later. Deceased was 25 years of age and unmarried.

Senator McEnery Dead

NEW ORLEANS, June 29.—United States Senator Samuel Douglas McEnery died here yesterday. Senator McEnery was a native of Louisiana. He was born at Monroe, May 28th, 1837. He was a veteran of the Civil War, serving as a lieutenant in the Confederate army. He served on the Supreme Bench of the State and had served in the United States Senate since March 4th, 1897, being among the oldest Democrats in the Senate in point of service.

A BROKEN-DOWN SYSTEM.

This is a condition (or disease) which doctors give many names, but which few of them really understand. It is simply weakness—aback-down—as it were, of the vital forces that sustain the system. No matter what may be its causes (for they are almost numberless), its symptoms are much the same; the more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what can be done to cure it? In all such cases is increased vitality—vigour—VITAL STRENGTH & ENERGY to throw off these morbid feelings, and experience proves that as night succeeds the day this may be more certainly secured by a course of

THE NEW FRENCH REMEDY THERAPION No. 3

than by any other known combination. So surely as it is taken in accordance with the directions accompanying it, the shattered health is restored, THE EXPIRING LAMP OF LIFE LIGHTED UP AFRESH, and a new existence imparted in place of what had so lately seemed worn-out, used up, and valueless. This wonderful medicament is suitable for all ages, constitutions and conditions, in either sex; and it is difficult to imagine a case of disease or derangement, whose main features are those of debility, that will not be speedily and permanently overcome by this recuperative essence, which is destined to cast into oblivion everything that had preceded it for the wide-spread and numerous class of human ailments. THERAPION is a reliable and obtainable of principal Chemists in The Le Clerc Medicine Co., Haverstock Road, Hampstead, London. Price in England, 2/6. Purchasers should see that word "THERAPION" appears on British Government Stamp (in white letters on a red ground) affixed to every genuine package. Therapion is now also obtainable in DRAGEE (TASTELESS) FORM.

HAPPENINGS

OCEAN

CANYON

BRITISH COLUMBIA

First Chief Watson, of New Westminster, is strongly recommending the demolition of a number of existent fire traps in the Royal City's Chinatown.

Modern machinery is being installed to save the fine gold from the black sand of the east coast of Graham Island.

William Leeson, one of the earliest pioneers of the Alberni district, is dead at his home on the Cherry Creek road.

A trio of Chinamen captured in Vancouver on Monday last were found to have upwards of fifty pounds of smuggled opium in their possession.

The publishers and job printers of the Kootenay and Boundary districts meet in Nelson on July 18th to organize a press association.

The provincial government has been asked to make provision for a college of pharmacy as a department of the new university of British Columbia.

The twice-a-week Prince Rupert Journal, of which O. H. Nelson is editor, has made its debut. It is a particularly creditable production typographically.

Michael Beasley, six years old, of Vancouver, was crushed to death on Monday by a number of planks falling upon him while he, with others, was at play.

The holdings of the Western Fuel Co. at Nanaimo are again reported to be on the market, an English syndicate negotiating for their purchase at \$3,000,000.

Rupert Lipsett, a fisherman, lost his life last week through being swept overboard from the halibut schooner America in rough weather off Cape Cook on the 16th inst.

Alfred Orsatti, an Italian, who paid undivided attention to the eight-year-old daughter of Mrs. Pelange, of North Bend, was attacked with a carving knife by the infuriated mother and is now in the hospital.

Government Agent J. S. T. Alexander has reported the discovery of a thirty-five foot seam of good hard coal on the property of the Elk Valley Coal and Coke Company at Iron Creek, forty miles north of Michel on the Elk River.

N. B. Maysmith & Co., of this city are opening a branch of the Pacific Stock exchange in Stewart, as well as a private office of the firm. The Pacific Stock Exchange is now operating in Vancouver, Victoria and Nanaimo.

Under date of the 6th inst. Sir Wilfrid Laurier has written to Mayor Stork of Prince Rupert to say: "It is my intention to visit Prince Rupert this summer; my visit must necessarily

be short, but it is a duty as well as a pleasure for me to undertake the journey."

It is authoritatively announced that the C. P. R. will begin construction very shortly of the Arrowhead and Kootenay railway, pushing the work forward to completion as rapidly as possible. Construction will proceed simultaneously from Arrowhead and from Gerrard and the road will probably follow the north shore of Trout Lake to Trout Lake city.

The Crown's jury investigating the death at Fernie of Henry Munkwitz, could only conclude that the accident was due to an inexplicable thoughtlessness on the part of the victim, inasmuch as he had volunteered to assist in placing a belt on a pulley while another man was doing it, and had poked the belt with a stick from the wrong side of the wheel where a spoke caught the end of the stick and drove it back against his abdomen with terrific force.

St. Louis parties have purchased 20,000 acres of timber in the vicinity of Port Renfrew for a cash consideration of over \$100,000. The deal was put through by C. C. Michener, president of the Red Fir Lumber Company of Nanaimo. It is understood that a logging railway will be built from the property, the logging of which will commence shortly, to Port San Juan to provide water transportation in the event of the Canadian Northern choosing in inland route.

The Phoenix-Eholt branch of the Canadian Pacific Railway is at present the scene of considerable activity; the work of making a new roadbed, having been commenced. Over a hundred men are employed, with three work trains and big Shea engines to handle the gravel trains on the hill, which, with the regular ore trains from the Granby, Snowshoe, Jackpot and Oro Denoro mines passing over the route frequently, makes it one of the busiest locomotive highways in the country. The work is to cost upwards of \$20,000.

While blasting stumps near Morrissey a few days ago, a young Slav named Muntlikak lost his life by an explosion. A blast had retarded and Muntlikak was investigating when the explosion occurred. Coroner A. W. Bleasdel, accompanied by William Scott, undertaker, and James Johnson, constable, went to the scene of the accident and whilst travelling over the Great Northern on a speeder had a narrow escape from collision with a train as they were entering a tunnel. Fortunately all succeeded in jumping in the nick of time. The only damage done was to the speeder.

Indian Agent Perry was at Port Essington recently negotiating with the Kitsumkalum Indians for an adjustment of the difficulties which arose over the G. T. P. requiring the right of way through the Indian grave yard, which led up to the warlike troubles of last winter. It was finally decided to pay over \$225 (\$15 for each body) as compensation for the removal of the bodies from the old graveyard which the railway traverses, but the anticipated one thousand dollar sum to heal the deatons was not set over for further deliberation; as no agreement could be reached as to whether or not that money should go to the tribe as a whole or be allotted to the relatives of the deceased. It was also agreed that the Indians should be paid forty dollars for an acre of gravel, the land to revert to the Indians after the gravel is removed.

SPOKANE MINING STOCKS.

(Furnished by F. W. Stevenson & Co.)

LETTERS TO THE EDITOR

(Continued from Page 12)

and quadruple the capacity of a wire, an instrument known as a rheostat is used. It is a box full of coils giving various resistances and is used to make an artificial line of the same resistance as the line connecting the two cities interested. In the top are a number of holes into which are pushed metal plugs to make electrical connections necessary to cut in the resistance coils required.

A "quad" between Chicago and Kansas City failed one day and after a search it was discovered a big bug had crawled into one of the holes of the rheostat, completing the electrical connection and incidentally ending its career through electrocution. One chief operator remarked to the one at the other end that his rheostat was a bug house and a new slang expression commenced flashing over the country, and is still going.

I may state that "30" is never used for "good night." "G. M." is good morning, and "N." is good night.

WM. CHRISTIE.

Sent to Sing Sing

NEW YORK, June 29.—Morris Mason, the negro, who in June, 1908, murdered Abraham Reeder, a janitor, with an iron bar, and was last Friday convicted of murder in the second degree, was today sentenced to Sing Sing for not less than twenty years. When Mason was convicted in Boston for a robbery, the warden of the Charleston prison identified him from a description sent out by the New York police. Mason was pardoned, and brought here for trial on the murder charge.

Workmen Injured.

ALLENTOWN, Pa., June 29.—Sixteen men were scalded or otherwise injured and thousands of dollars of damage was done today when a ten thousand gallon water tank above the roof of the National Silk Dyeing Co.'s plant burst, flooding the building. The tank tore a hole in the roof, dropping timbers on the men beneath and breaking steam pipes. Some of the men were scalded by escaping steam and others sustained broken arms or legs.

Sawmill Burned.

NORTH BAY, June 29.—The sawmill of W. Milne and Sons, Ltd., at Spanish River, on the C. P. R. 300 branch, was destroyed by fire this morning. Loss, \$40,000; insurance, \$30,000. The lumber piles were saved.

THE COLONIST

Established 1858

*The Leading Printers
of British Columbia*

Prices as low as consistent with first-class work. We have by far the largest and most complete office in British Columbia, comprising

Job Printing

Lithographing
Bookbinding
Photo Engraving
Copperplate Printing
Embossing
Label Printing and
Varnishing

Work done by us in any of the above departments cannot be excelled throughout Canada. Our aim is to do only first-class work at reasonable prices. In fact we will not turn out a poor job. Our object is to retain our customers with the quality of our work and the very reasonable prices.

We carry by far the largest and most complete stock of Flat Papers and Envelopes in British Columbia, and are always prepared to execute anything in our line, whether it be a Visiting Card or Commercial Work of any kind, printed or lithographed; Pamphlets, large or small Labels, plain, colored or varnished; Ruling, Punching, Binding Law Books, Blank Books, large or small; also making cuts or designs, such as Line Drawings, Zinc or Copper Half-tones. Lithograph Maps equal to any that can be got from the Eastern cities.

We are sole agents for the Tengwell Loose-Leaf Files and Binders, also the celebrated Majestic Loose-Leaf Ledger, the best on the market.

If merchants and others that have been getting their supplies from the East would give us a chance to compete before sending their orders away, they will find the work can be done better at home and at the same price in equal quantities.

HEAVY SELLING BREAKS VALUES

Wheat Traders Let Go Holdings
on Prospects of Better
Weather for Crops—The
Market Proves Active

CHICAGO, June 29.—There was an active day in wheat with a strong and higher opening and a later decline of 2½ cents from the close of yesterday. Much of the selling for the day was on the theory that the market was overbought on the recent advance. Northwest markets appeared to be weak under the same kind of selling. The real situation in the northwest is not much changed, so far as the weather is concerned. There was a shower in Montana, a late report of rain at a point in North Dakota, a Winnipeg forecast of thunderstorms and cooler weather for the Canadian provinces. Over the great spring wheat area drought continues and reports, private and official, on the injury to the crop, are serious. To some extent the worst crop damage features were ignored today, while the trade liquidated heavily and persistently for all months. Late in the day there was a bulletin by the agricultural department of North Dakota of a most serious condition in that state, a harvest promise of 50 per cent of a crop and damage so great in some sections that the grain will scarcely be worth cutting. While the market was weak, the bears had considerable harvest and threshing news in circulation.

Our 32nd July Sale Starts on Saturday, the 2nd

We take great pleasure in the fact that our July Sales have been gaining in interest for the past 32 years, and many customers who attended our sales in the early days are attending them now, and do considerable of their shopping in July.

THOSE PLANNING TO DO MUCH SHOPPING IN JULY WILL READILY REALIZE THAT A GREAT TREAT IS IN STORE FOR THEM THIS YEAR

In preparing for our 32nd July Sale we feel that we are in an entirely different position than we were even a couple of years ago. The enormous increase of business done in our three stores has given us additional strength in the markets of the world—we are able to buy to a better advantage. In fact our English purchases have become so large that a buying office has been established in London, with agencies in Paris and Berlin. This is an important factor in merchandising, as it keeps us in close touch with the markets of Europe. This office is looked after by a member of the firm, and representatives are constantly visiting the different centres, making arrangements for a continual flow of merchandise to our Victoria, Vancouver and Nanaimo stores.

Everybody should realize the many advantages in getting trustworthy goods at low prices during this great July Sale.

Great Values in Costumes, Jackets and Wash Suits

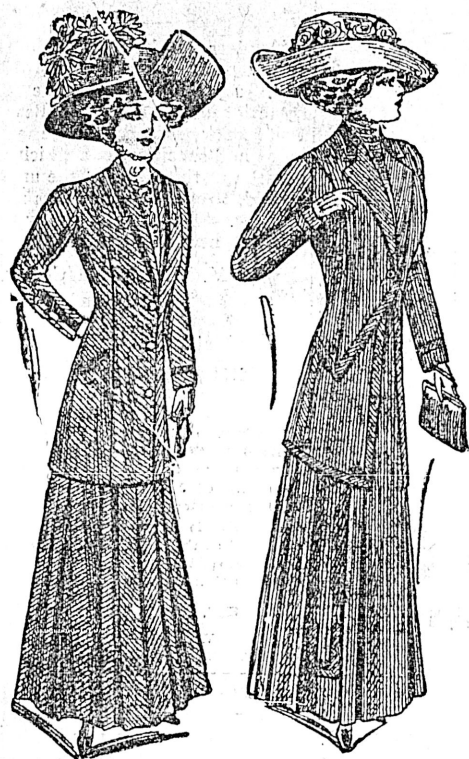

Former Prices are not taken very much into consideration. We have priced these for Sure Clearance.

Dresses in Silk, Muslins, Nets \$6.90
Worth from \$25.00 to \$35.00 for

We doubt very much if such excellent values have ever before been heard of. Just think of getting a beautiful Silk Dress for \$6.90. They are in a number of very effective styles. The muslins are in white only, made in the new princess effect. The nets are in white and ecru, while the silks are in all shades, including plain and spot effects.

Beautiful Tailored Costumes \$9.75
Worth from \$17.50 to \$22.00

This is really speeding the parting of our \$17.50 to \$22.00 line of fine Tailored Suits, including the best and latest styles, at a mere trifle of their real worth. A large assortment of most approved colors and materials, plain tailored and fancy trimmed, many with satin and silk lined coats. Our aim for a sure clearance prompts this very liberal offer. July Sale Price\$9.75

All Imported Pattern Hats

As well as our own clever adaptations to go at Less than Half-Price during this July Sale

Beginning Monday morning all the fine Imported Hats will be offered. All are exclusive Summer and Midsummer styles, including Large Hats trimmed with plumes and aigrettes of hennip, hair and lace, All-White Hats, Small Hats of blocked hennip, and imported Ramie Braid, Flower Hats covered with lace and chiffon. Charming and exquisite models of every description, style and beauty, will be cleared during this July Sale at prices which mean true economy

Untrimmed Hats50¢
Children's Wash Hats and Bonnets50¢
Trimmed Hats, \$5.00, \$2.50\$1.50

Latest 7.50 Tub Suits \$2.90
July Sale Clearance

This is your opportunity to get the most desirable Wash Suit for the season. Lots of time yet for its use. They are in stripe effects, also plain, in colors of blue, hennip, etc. Exceptional value indeed. Regular \$7.50 values. July Sale\$2.90
Also a fine assortment. Regular \$3.75, for\$6.90

Linen and Pongee Coats \$8.75
\$15.00, \$17.50 and \$20.00 Values

An offering such as this of the most fashionable Coats of the season just when they are needed the most, should tend to make buying brisk in this department. The styles are far above the commonplace, showing in every detail refreshing newness and originality. Values \$15.00, \$17.50 and \$20.00. July Sale Clearance Price\$8.75

Women's Tailored Costumes Will Suit the Most Discriminating

Reg. Values \$27.50 to \$35. **\$13.75** Reg. Values up to \$45. **\$22.50** Reg. Values up to \$55. **\$28.75**
July Sale July Sale July Sale

We consider this the most conspicuously important reduction sale of Women's Fine Tailored Costumes that we have held, and naturally look for crowds of buyers as soon as the doors open. The offerings consist of plain and fancy materials, a most important factor is, the materials alone would cost these prices.

Covert Coats \$4.90
Regular \$8.50 for

Every Covert Coat has been reduced for immediate clearance, a very useful piece of wearing apparel for city use, stylish and well made. Regular \$8.50. July Sale Price\$4.90

All Long Coats Marked Down

Every full length and 7-8 length Coat has been priced extremely low. All the most favored materials are represented in this gathering—
Regular \$17.50 to \$20.00\$12.50
Regular \$25.00 to \$30.00\$17.50
Regular \$35.00 to \$50.00\$22.50

Low Prices Have Been Made to Ensure the Clearance of All Blouses

Many hundreds of pretty Blouses are involved in this sale, and are priced at such figures as to make them the greatest waist offers this season. Don't judge them by their sales prices. Come in and see them, for they are exceptional indeed. We expect a tremendous response to this announcement. No woman who loves a beautiful Blouse can afford to miss this sale, for it is a fact that a more sumptuous gathering could not be seen.

Lawn Waists at \$1.00

This offering comprises many dainty styles, with entire front of blind or Swiss embroidery, Valenciennes insertion and fine tucks. Open back and front. This collection represents one of the best values offered this season. July Sale Price\$1.00
